At **ON**CAMPUS Boston, located in the heart of America's #1 college town at Wheelock College, we prepare international students to succeed – academically, personally, and professionally – with a 1–year university transfer program that enables you to earn college credit while gaining a deeper understanding of the U.S., its education system, and which options are best for you.

The United States, widely recognized as a world leader in education, offers a complex array of choices, from types of institutions (colleges, universities, specialty schools – over 4,000 in total), to majors and minors, and extracurricular activities that can support networking and build leadership skills.

With so many choices, it can be a challenge for any student to determine what is best for them. In fact, nearly 40% of all U.S. college students end up transferring from one school to another.

ONCAMPUS Boston helps you navigate the complex university admissions process, providing expert guidance on selecting the best school for you, and providing the reassurance of guaranteed transfer routes* to selected programs at our partner schools.

*LIVING IN BOSTON

OVER **200** libraries

OVER **50** museums & galleries

OVER **40** cinemas

OVER 2,500 restaurants

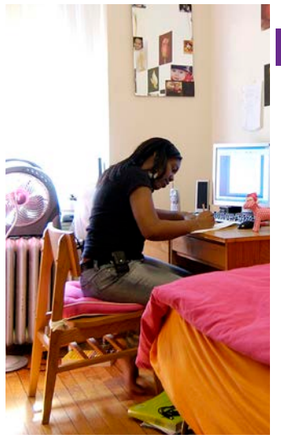
OVER 2,100 parks

Small in size, Boston is easy to navigate. It has an excellent subway system (called "the T") that makes it simple to get to its many famous sites and attractions. Home to many of the **world's leading global finance, biotechnology and manufacturing companies**, Boston has been welcoming international students and visitors for many years - you are certain to feel welcomed and comfortable during your time here.

ONCAMPUS Boston's Activities Coordinator will plan and **organize events** on campus and throughout the city providing you with the opportunity to explore your surroundings. Events include everything from museum visits to competitive athletic activities with students from neighboring universities.

*HOUSING

Live on a university campus alongside American students



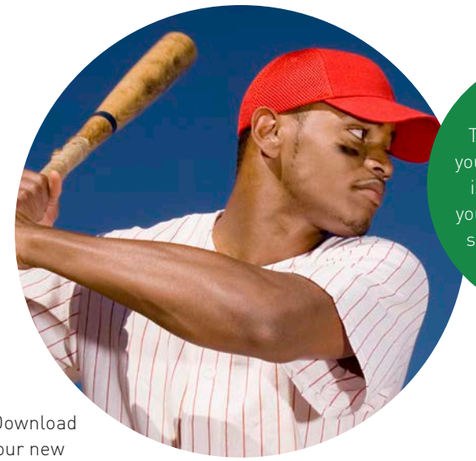
Like most college freshmen, you will live in a residence hall (also called a dormitory or "dorm" for short), with a close-knit community of students, that is located right on Wheelock's campus. This is a mandatory part of **ON**CAMPUS Boston's program because residence halls are an ideal place to make friends, socialize, and acclimate to college life in America. You will share a room with another student of the same gender who may be American or another international student who speaks a different language than you.

Your floor will have a Resident Assistant/RA (also a student at Wheelock) who organizes social activities and is there to answer your questions. There is also a Resident Director, a professional who is responsible for creating a safe and happy environment for everyone in the building.

All **ON**CAMPUS Boston students will have accommodation on campus at Wheelock College. This means you will quickly become part of the close-knit community that Wheelock is famous for, providing an excellent opportunity to get to know your fellow students.

Outstanding facilities include:
24-hour security | Beds, dressers and desks are included | Monthly social events for your floor | Wireless internet access | Study lounges with computers and printers | Washers and dryers for laundry

A meal plan is included and you'll find the dining hall and campus cafés are great places to socialize. The Wheelock Campus Center Dining Room features a wide variety of fresh food designed to satisfy everyone's appetite.



To help you budget for your time in Boston, here is an example of what you can expect to pay, for some of the essentials of student life.

- MBTA Transportation $2.10 per Subway ride, $1.60 per bus ride
- Movie ticket with popcorn and drink $20
- Red Sox game ticket $10-$100
- Starbucks coffee $5
- "Pay as you Go" Mobile Phone $40-$70 per month
- Sit down restaurant $25-$50

Declaring a field of study at a U.S. college or university

ONCAMPUS Boston provides the support and guidance to help you explore different fields of study and career paths. While you are free to choose the area of study you wish to focus on (this is referred to in the U.S. as your "major"), you will also be required to complete a number of general education courses which will help you learn how to think critically, research properly, and communicate effectively. At most U.S. schools you can complete up to two years of study before you need to declare your major.

Optional Practical Training (OPT)

OPT enables you to work in the U.S. and gain valuable work experience before returning home. For international students who graduate from a STEM (Science, Technology, Engineering and Mathematics) related program, OPT is currently 29 months.

Transfer Advising & Student Support

We have two goals for every student we serve; to prepare you to succeed at any U.S. college or university, and to help you determine, and transfer to, the perfect school for you. While we work with a number of excellent partner universities, you are free to explore transferring to any of the more than 4,000 U.S. universities and colleges.

Optional SAT/ACT preparation

Although our partner universities do not require SAT or ACT results, some U.S. universities require these exam scores as part of your application. **ON**CAMPUS Boston offers a 20-hour intensive SAT/ACT preparation course to help students succeed on these standardized tests.

Completed in one semester, this course comes at a minimal additional cost and prepares students to take the exam, which is offered at a number of nearby locations.

ONCAMPUS Boston's University Success Seminar supports you through every step of the university transfer process.

Seminar
(2.5 hours/wk)

The large-group seminar gives you an introduction to higher education in the United States. There is also time set aside for college visits, partner college fairs, and individual interviews with senior college admissions officers.

Workshop
(2 hours/wk)

You will explore how your interests relate to different majors and to possible careers. You will complete college research to discover best-fit universities. Then you will bring your self-assessment and research together by writing a college transfer essay with personal guidance from experienced writing instructors.

Transfer lab
(1.5 hours/wk)

The **ON**CAMPUS staff leads you through the transfer application process step-by-step. You will get practical experience completing every component of the application together in a computer lab – including listing activities, ordering official college transcripts, assigning faculty recommendations, and requesting a college official's report.

ONCAMPUS Boston also specializes in giving students individual attention through academic and transfer advising.

Scheduled meetings

You will attend one-on-one academic and transfer advising meetings during your two semesters in the program. **ON**CAMPUS Boston's holistic approach to advising gives you the support you need to succeed in classes, in extra-curricular activities, in the Wheelock community, and in understanding your options for your sophomore year and beyond.

Drop-in office hours

You are also free to stop in and talk with **ON**CAMPUS Boston's university advisor during weekly office hours.

ONCAMPUS Boston's University Transfer Advising 4-step process:

STEP 1

Preparing for your student visa interview

Should your application be successful and you are admitted to our program, your next step will be to apply for a student visa. As part of your visa application process, you will likely have to attend an in person visa interview. Below are some tips on how to prepare for this.

Please note: we cannot guarantee a successful outcome to your visa interview. These points are only meant to advise you on what you can expect during your visa interview.

Do attend Failure to attend the interview may result in your application being automatically refused.

Do answer You should always answer all questions fully and honestly.

Do think You should think in advance about your program, the documents you provided in your visa application, and your intention to study. The Visa Official wants to know that you have given serious thought before choosing your course.

Do speak English The Visa Official will likely be checking your level of English so always answer in English, not via an interpreter. Practice answers to potential questions and be prepared.

Do ask Ask for clarification if you do not understand a question to make sure you are providing the information they want.

Documents to bring Check the documents required by your specific Embassy at: www.usembassy.gov

In general, students are asked to provide the following documentation:

1. Original I-20
2. Proof of payment of SEVIS fee
3. Completed DS-160 form (Non- immigrant visa application)
4. Acceptance Letter
5. Passport
6. Academic transcripts (with translations)
7. Financial evidence used for the I-20
8. Passport-sized photograph

Here are tips for some of the types of questions you may be asked:

Question type: General Information about you, your education, your choice to study in the U.S.

Tip: Show that you are a genuine student looking to further your education.

Make it clear that you plan to return to your home country – give reasons for returning to your home country that are stronger than those for remaining in the USA.

Question type: Intended Course: what you plan to study at **ON**CAMPUS Boston, course dates, and program details.

Tip: Become familiar with the information on our website and/or brochure.

Bring a brochure with you to show the visa official.

Explain why you want to attend your particular program for study. If the consulate official believes you want to remain in the USA after your program, you may not receive a visa.

You should be able to explain how studying in the USA relates to your future professional career in your home country.

Question type: Financial Circumstances: who will be paying for your course and what are the fees.

Tip: Bring all required financial documents and anything else you may have that helps support your financial status.

If you have been awarded a scholarship, bring a certificate or proof of your award.

Question type: Living in the U.S.: where the school is located and housing.

Tip: Bring your housing confirmation.

Learn about our location and clearly describe where the school is located within Boston.
