Why I love studying in Coventry...

“ Guaranteed progression to Coventry University will give me more motivation because I like the city and I really want to continue to study here.

I've been working for the past few years, so studying FoundationCampus gives me the chance to pick up more knowledge on the technology that I was developing when I was working.

I would definitely recommend FoundationCampus because the environment is very friendly and I really like all the teachers and my classmates.

After I graduate from university I will be applying for a job at Google! ”
