### Who is this programme designed for?

This programme is designed for international students who do not quite have the academic grades and/or English level to start the first year of an undergraduate degree at Coventry University, but have a stronger profile than an IFP student.

If you successfully complete the IY1 you are guaranteed progression<sup>1</sup> to Year 2 of a business-related undergraduate degree at Coventry University. This programme is set at level 4, and is equivalent to the first year of an undergraduate business degree in the UK.

### How long will I study for?

Your application will be assessed and you may be offered a 3 or 4 term programme depending on your English level and academic background.

The duration of the programme is one academic year (nine or twelve months). The year is divided into three or four terms of seven to eight teaching weeks, one reading week, and an examination week. You will undertake up to 28 hours of classroom-based study per week.

### What will I study?

This programme includes nine core modules, taken by all students throughout the course. These modules are: English, and eight academic modules relating to business and management.

The options available for your chosen pathway at **ONCAMPUS** Coventry are shown in the table on the previous page.

### How will I be assessed?

You will be assessed by a variety of methods during your time with us: the intention is that you have a chance to experience the full range of assessment methods that you might experience at university when you start the second year of your chosen degree.

Assessments will normally include coursework, essays, reports and other structured assignments, oral examination, and unseen written examinations.

“There are about 20 students in most classes, so the interaction between student and teachers is very good. It provides you with the skills necessary to be successful at university.”

- Please note that if you require a visa to study with us, you may need to provide additional evidence to comply with the visa regulations in the UK. These are the requirements of the government and not of **ONCAMPUS**. Your assistance in meeting these requirements is much appreciated.

## STEP FOUR

Once you have paid your deposit and met all the conditions of offer, we will confirm your place and send you a CAS (Confirmation of Acceptance to Study) or a Confirmation of Enrolment (CoE) if you do not need a CAS.

If you need a visa, you will need to use your CAS/CoE to support your visa application. Please note a CAS can only be used 3 months before the start of the course.

- We will send you pre-arrival information.
- The accommodation application form will be included in the pre-arrival information. You should complete the form, selecting your preferred option, and return it to **ONCAMPUS** Coventry by email to [liveincoventry@oncampus.global](mailto:liveincoventry@oncampus.global).

## STEP FIVE

You will then need to apply for a visa if you require one to study in the UK. It is your responsibility to obtain a visa before you travel to join the course. If you do not have a valid visa, you will not be able to join the course so please make sure you apply as soon as possible.

## STEP SIX

You will need to pay at least the first term's tuition fees before you begin your programme of study at **ONCAMPUS**.

- You should arrive on the weekend before the arrival date; please check your CAS statement or CoE for further details.
- Birmingham International is the closest airport to **ONCAMPUS** Coventry. There are various routes that you can take from Birmingham by train, bus or taxi.
