The University of Central Lancashire

UCLan is a modern University with a strong tradition and a truly international focus. Its Preston campus is a modern green oasis in the heart of the City.

Granted university status in 1992, UCLan's roots go back to 1828 with the founding of the 'Institution for the Diffusion of Knowledge'. It has now established an international reputation as one of the UK's most innovative universities.

"I chose to study at **ONCAMPUS** because UCLan has an excellent reputation for Forensic Science, and **ONCAMPUS** offers guaranteed progression to this degree. I live in accommodation a 15-minute walk away from campus so it's really convenient."

Fatma Almadani

Top modern university in the North West

- In 2015, UCLan were awarded the maximum five stars for excellence of teaching, employability, internationalisation, facilities, social responsibility and inclusiveness, in the QS Stars ratings.
- UCLan ranks in the top three nationally for the number of graduate startup businesses and is number one in the North West.

Award-winning support for 'highly satisfied' students

- Top 10 for student satisfaction in key subject areas of Engineering, Journalism and Sports Science.
- The University achieved its highest ever result in the 2013 National Student Survey with an overall satisfaction score of 84%.
- The UCLan library is consistently ranked in the UK's top 10.
- A dedicated and free careers service with sharp focus on employability and life-long development.

Value for money, ideal location

- Preston is in the heart of the UK – 40 minutes to Manchester, 1 hour to Liverpool and 2 hours to London by train.
- Competitive accommodation rates ranging from £70 to £100 per week.
- Low cost of living.

World of choice

- A large portfolio of degrees – 350 undergraduate and 250 postgraduate.
- A student body of 35,000; 2,000 from over 100 countries overseas.
- In recent years UCLan has invested over £100 million in infrastructure and technological support projects for both academic and non-academic activities.

'World-leading' research

- UCLan was rated as 'world-leading' or 'internationally excellent' in 16 subject areas (Research Excellence Framework 2014).

"The facilities at UCLan are outstanding and give students the tools to progress further in their field of study - to an industry standard."

The University campus and surrounding area

UCLan

The UCLan campus is conveniently located in the centre of Preston within a short walk of all the shops and restaurants of the city centre.

UCLan has invested £60 million on new campus developments, including the £12.5 million JB Firth building and a new £16 million indoor sports centre.

It's less than an hour from the world-famous cities of Liverpool and Manchester, and the stunningly beautiful Lake District.

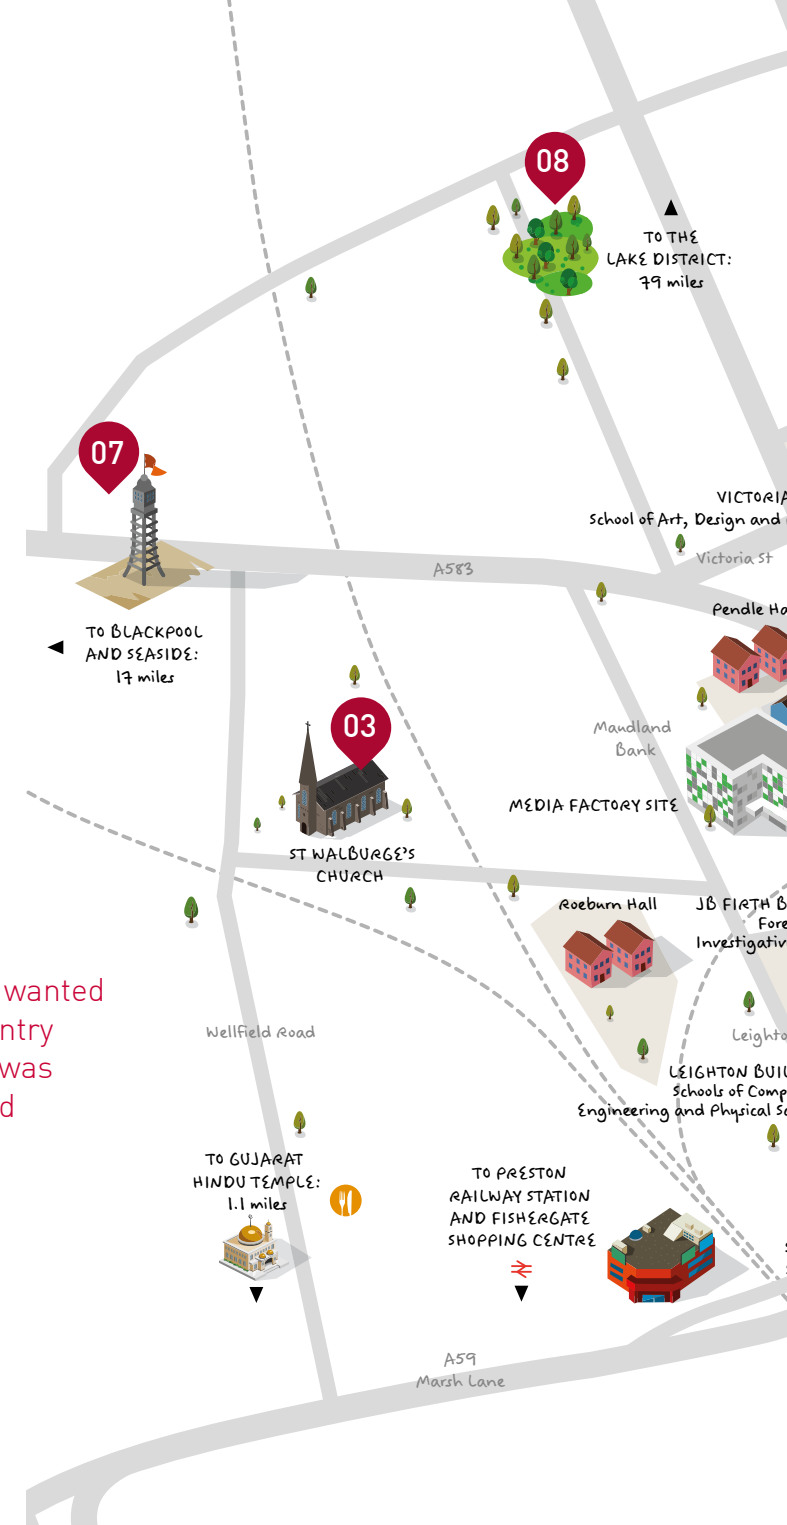

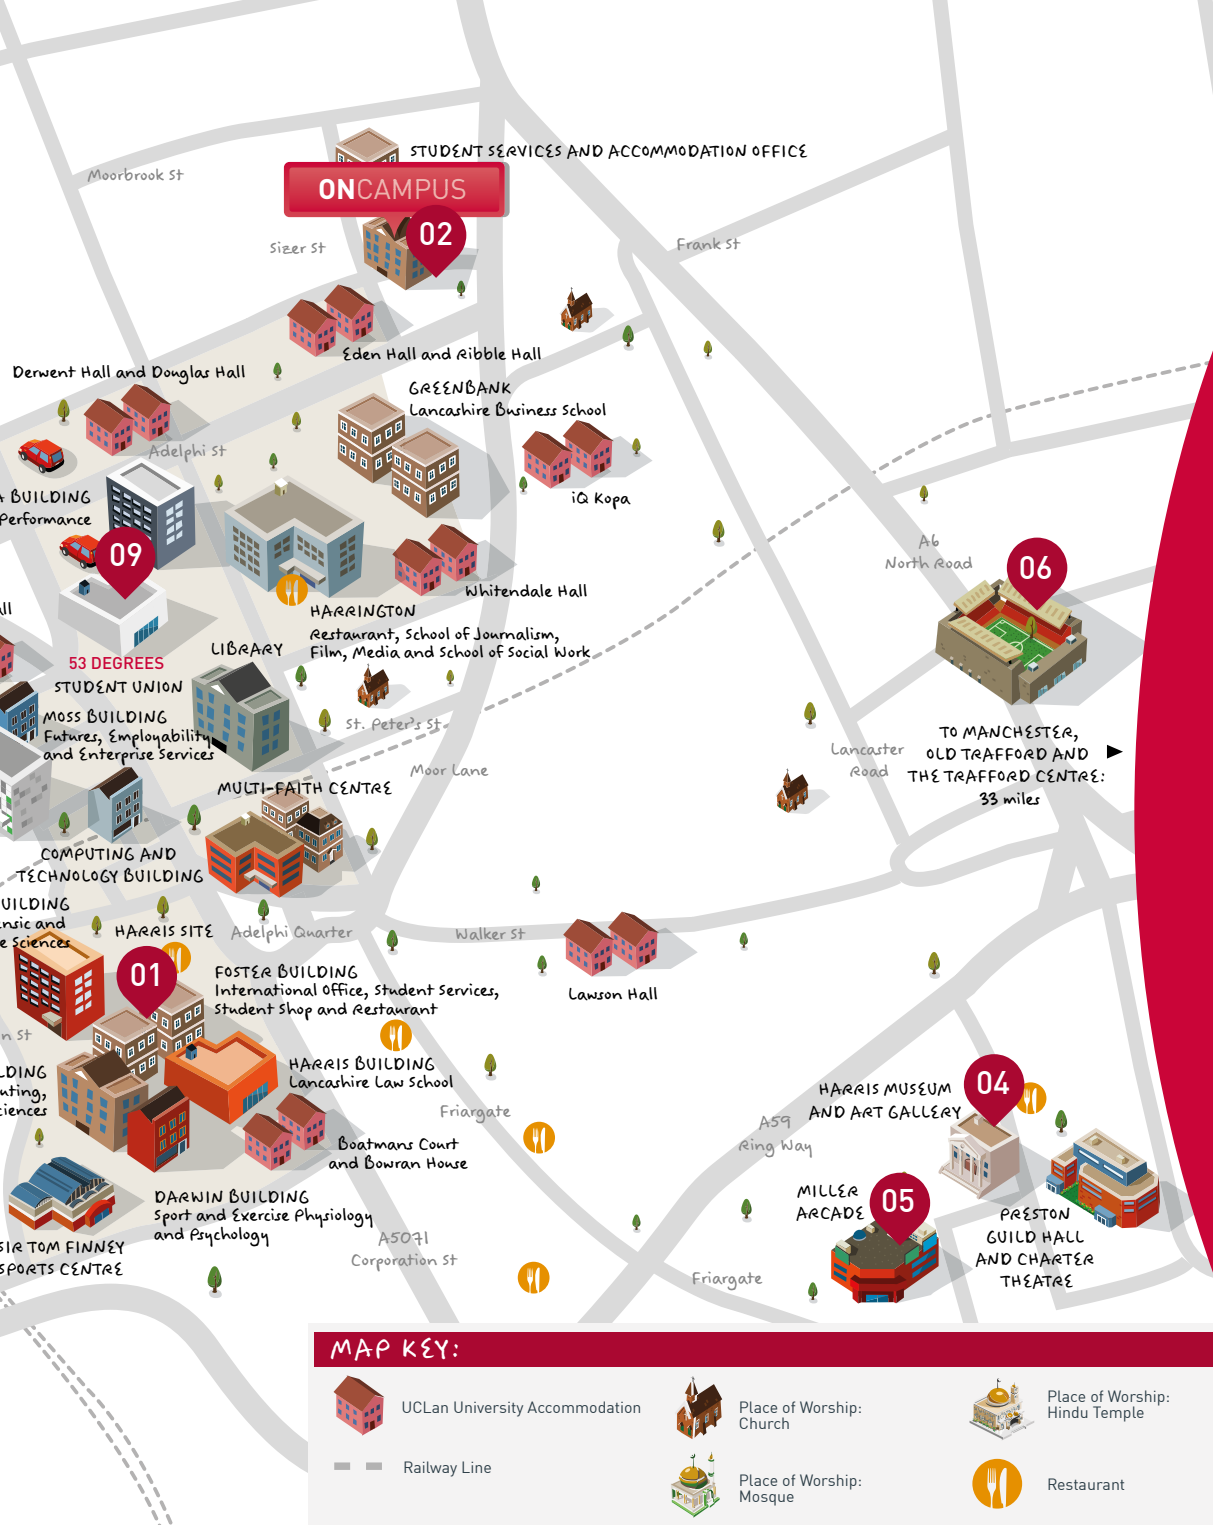

"I am now studying at UCLan and I love it. I wanted to study here as it is the 3rd best in the country for hospitality and tourism, which is what I was interested in. The quality of the facilities and teaching is far beyond what I imagined."

¹ You must already have A-level Art or an acceptable portfolio prior to entry to the Undergraduate Foundation Programme.

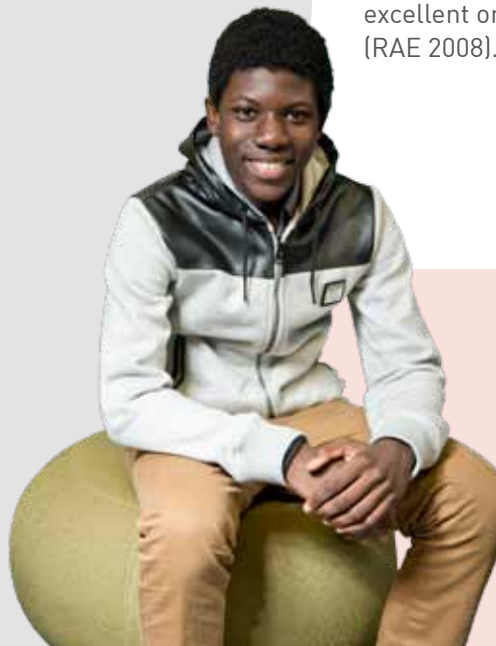

² You may need an additional interview/portfolio/audition or higher grades for progression to these degrees.

The best choice for your future career

WHICH DEGREE?

Computing, Engineering and Sciences

- The BEng (Hons) Fire Engineering degree is specifically designed to meet the Engineering Council UK's Standard for Professional Engineering Competence (UK-SPEC) requirements and exempts students from the academic requirements of the Engineering Council. It also allows graduates to continue to attain Chartered Engineer Status.
- 80% of the research at The Centre for Research in Fire and Hazards Science is judged world leading, internationally excellent or internationally recognised (RAE 2008).
- Degrees are accredited by professional bodies such as the Institution of Fire Engineers (IFE), Energy Institute (EI) and Chartered Institution of Building Services Engineers (CIBSE).

Kamil Abubakar

STUDIED
Undergraduate Foundation Programme

PROGRESSED TO
BSc (Hons) Software Engineering

“I chose to study at **ONCAMPUS** UCLan because UCLan has a very good reputation and is very well respected for Engineering. They have invested over £12.5 million in the engineering JB Firth Building, and this will support my academic projects once I start my degree.”

DEGREES

Law, Humanities and Social Sciences

- 2nd in the UK for student satisfaction (National Student Survey 2008).
- Programmes accredited or approved by leading industry bodies including National Council for the Training of Journalists (NCTJ), Broadcast Journalism Training Council (BJTC), the Periodicals Training Council (PTC) and the Chartered Institute of Public Relations (CIPR), and industry links with the BBC and ITV.
- Award-winning – UCLan graduates picked up four awards at the prestigious Sony Awards, and one international student studying MA International Journalism at UCLan

was awarded a prestigious Reuters International Financial News Internship. A former student turned film director has been nominated for an Oscar Academy Award in the 2013 live-action short films category.

- The latest National Student Survey (NSS) results show 94% of law students said that overall they were satisfied with their course.

The best choice for your future career WHICH DEGREE?

Medicine

The UCLan School of Medicine and Dentistry MBBS programme has been established to offer a UK MBBS qualification to 35 international students.

Why study Medicine?

- Medicine is about more than a qualification. It is a vocation and a way of life that is about putting the patient first.
- Medicine is a challenging but exciting and rewarding career. A medical degree will help you to become a competent and compassionate doctor, with expertise in a range of practical areas.

Why study Medicine in the UK?

- Medical training in the UK has a long history of excellence and of offering training to overseas doctors. Leaders in Medicine throughout the world have received their training in the UK.
- The UK National Health Service (NHS) is envied across the world for its 'free for everyone at the point of access' ethos. Students will take up their placements within the East Lancashire Hospitals NHS Trust - GP practices in East Lancashire, Bridgewater Community Foundation NHS Trust, Lancashire Care Foundation Trust and Lancashire Teaching Hospital Foundation Trust. Students will be part of a team delivering care to the highest standards.
- The North West of England is not only a vibrant and welcoming area in which to live and study, it is also a culturally, socially and economically diverse region. This means that medical students at UCLan are exposed to a wide range of clinical and public health issues, giving them a broad and varied experience.

Medicine at UCLan

- UCLan has been producing respected graduates in the field of healthcare, dentistry, pharmacy and biomedical science for many years and has a reputation as a leading provider of health education. The MBBS programme has been developed in line with UK General Medical Council approval processes.*
- State-of-the-art facilities, including: five high-specification skills laboratories equipped with life-size human simulators to help students develop their clinical skills; the Human Anatomy Resource and Learning Centre where students learn about the workings of the human body; and simulated settings such as a doctor's surgery and patient's home.
- Placements undertaken within the East Lancashire Hospitals NHS Trust at the Royal Blackburn Hospital and Burnley General Hospital. These hospitals have first-class medical facilities, almost a thousand inpatient beds between them, and one of the busiest Emergency departments in the North West of England. Placements are also undertaken at:
 - Lancashire Care NHS Foundation Trust (LCFT) Whilst the majority of clinical placements will be provided by ELHT, LCFT will provide our students with mental health and some community placements.
 - Lancashire Teaching Hospital NHS Foundation Trust (LTHFT) Additional specialist teaching in renal medicine and neurology will be provided by LTHFT in years 3 and 4.
- The UCLan MBBS is closely aligned with the USMLE curriculum to assist students who may want to write this exam and undertake postgraduate training in the USA.

*The GMC recognises bodies to award primary medical qualifications and quality assures UCLan and its first undergraduate medicine programme. This takes the form of a year by year review following the first cohort to graduation. Only during the final year of the programme will the GMC be able to approve UCLan and add it to its list of bodies that can award primary medical qualifications. There can be no guarantee that this will be the outcome of the review and UCLan has contingency arrangements in place so that students enrolled in the programme will be able to complete their studies.

BACHELOR OF MEDICINE AND BACHELOR OF SURGERY (MBBS)

The UCLan MBBS aims to prepare graduates who are able to take on the roles and responsibilities of a medical doctor.

The UCLan MBBS is a **5-year programme**.

Three themes are central to the curriculum:

1. Integrated science and clinical medicine
2. Evidence informed practice of medicine
3. Medical skills and quality care

Years 1 & 2

Students will learn in small groups and receive a good grounding in the medical sciences so that they can begin to integrate this knowledge with their learning in communication and clinical skills. Modules include: ISCM - the scientific concepts that underpin human biology, health and disease; EIPOM - the wider determinants of health and wellbeing at community and population levels; MSQC - the clinical and communication skills needed by a medical doctor. Students will meet patients in Years 1 and 2, initially in GP practices and community settings and in Year 2 in hospital.

Years 3 & 4

Students rotate through clinical specialties. Students are based mainly at the Royal Blackburn, Burnley General Hospitals, Bridgewater Community NHS Foundation Trust and GP practices in East Lancashire, three days per week and at a UCLan campus for the remaining days, in either Preston or Burnley.

Year 5

Students develop their early professional practice by undertaking four six-week apprenticeships in: urgent/emergency care; acute medicine and surgery; community; and a special study module. Students are encouraged to work independently with close supervision from departmental mentors and an assigned clinical supervisor. Finally, students will complete a four week assistantship shadowing a foundation doctor.

Like all graduates from UK Medical Schools, UCLan MBBS graduates would be eligible to apply to the UK Foundation programme for postgraduate training. However, we should point out that this is a very competitive process. The Medical School has in place a Careers and Transitions Lead who will meet with each student throughout the course to plan for progression into postgraduate study and registration, either in their home country or their country of choice after completion of the programme.

DEGREES

Life Sciences

- UCLan is involved in strong collaboration with the National Health Service (NHS) and has strong links to the Society of Sports Therapists and the Health Professions Council (HPC).
- UCLan offers purpose-built facilities among the most modern and high-tech in Europe.
- Centre of Excellence and one of the UK's regional Physiotherapy hubs for the Chartered Society of Physiotherapy (CSP).
- Movement Analysis Laboratory is equipped to conduct: advanced motion analysis, force measurement, pressure measurement, muscle and strength assessment, and thermal imagery.
- International students can complete their clinical placements on the programme alongside UK/EU students (additional supplementary fees applicable).
- In the latest National Student Survey (NSS) 100% of forensic science students said that overall they were satisfied with their course.
- Top three university in the UK at which to study sport, recreation, hospitality, leisure and tourism-related courses (The Times Good University Guide).
- Centre for Applied Sport and Exercise Sciences (CASES) is rated No. 1 in the UK for Student Satisfaction (National Student Survey 2008); links with the School of Psychology.
- Sponsorship of Delhi Conference for Commonwealth Games and links with organisations such as the FA, the Football League, the International Football Institute, and the International Institute for Golf Education.
- 'Five star rated sports facilities' including a new £17 million sporting complex offering Olympic-quality training areas.

Your route to a UNIVERSITY DEGREE

- UCLan degree
- ONCAMPUS UCLan programme

Undergraduate pathways

Master's pathway

Studying with **ONCAMPUS**

Guaranteed progression

ONCAMPUS UCLan offers guaranteed progression* to a wide range of undergraduate and Master's degree programmes at UCLan on successful completion of our Foundation programmes.

Outstanding teaching and support

- Through every step of your journey with us, you will be supported by highly qualified teachers and support staff, both in and outside the classroom.
- Your personal tutor will meet with you regularly to ensure you are on track to pass the programme and progress to your chosen degree.
- Your personal tutor is also there to help you with any issues you might have inside or outside the classroom.

A proven track record of success

- **ONCAMPUS** is part of Cambridge Education Group, the UK's leading university pathway provider since 1952.
- Cambridge Education Group was the first private institution to offer university Foundation programmes in the UK in 1985, and successfully prepares hundreds of students for the UK's top universities every year.

- In 2014, 91% of students who successfully completed an **ONCAMPUS** programme progressed to university.

Quality assured

ONCAMPUS UCLan is reviewed regularly by the Quality Assurance Agency (QAA), who is responsible for maintaining standards across the United Kingdom university system.

Part of the University from day one

- The **ONCAMPUS** centre is located in the centre of Preston, close to all the University's facilities.
- You will receive a University student card, and with it you will have access to all the University's facilities, clubs and societies while studying on the Foundation programme.
- You will meet your course leader at the University before you start your degree, and have the opportunity to try out some of the excellent facilities.

*Guaranteed progression is subject to meeting the specified entry criteria.

Programme details

Length of programme²:

3 terms

English level:

From 4.5 IELTS or equivalent, with no single element less than 4.0, for 3-term UFP

Academic requirements:

See page 22 for country-specific requirements

Minimum age:

17⁺²

Hours per week:

Up to 25

Examinations/Coursework:

60%/40%

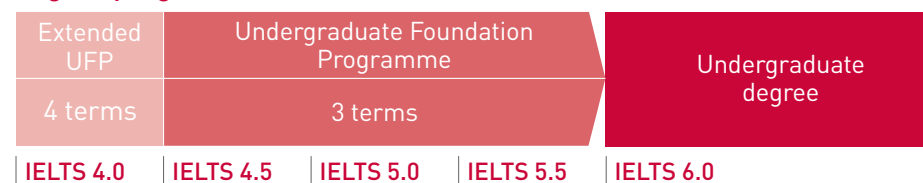

Pass mark for guaranteed progression:

- 40% in academic subjects
- 6.0 IELTS (Internal examination)

Undergraduate Foundation Programme (UFP)

This programme gives guaranteed progression¹ to Year 1 of a wide range of undergraduate degrees.

Degree progression

The 4-term extended UFP is available to start in June or September.

Dates and fees

	Per term	Annually (3 terms)	Progressing to undergraduate degree starting in
28 September 2015 – 03 June 2016	£4,150	£12,450	Sept 2016
11 January 2016 – 19 August 2016	£4,150	£12,450	Sept 2016

All programmes are subject to a £200 registration fee and £2,300 refundable deposit.

An additional fee of £600 is charged for the Computing, Engineering and Sciences and Life Science pathways.

¹ Guaranteed progression is subject to meeting the specified entry criteria detailed above. This is the pass mark for progression to most degrees. Some degrees require an additional interview/audition/portfolio and/or higher pass marks; these are indicated on the degree list, and on our website - www.oncampus.global.

² Extended programmes are available if you do not yet have the required English language level. These programmes last 4 terms and include an English Language Module (ELM) followed by the 3 terms of Foundation required to apply for entry to the first year of your undergraduate degree.

Who is this programme designed for?

This programme is designed to prepare international students, who have completed senior secondary education, for entry to undergraduate studies at UCLan. All students who successfully complete the UFP are guaranteed placement on a suitable programme of undergraduate study at UCLan. The UFP is set at level 3, which is equivalent to A-level standard in the UK.

How long will I study for?

This programme lasts one academic year (nine months). The year is divided into three terms of seven to eight teaching weeks and one reading week. You will undertake up to 25 hours of classroom-based study per week.

What will I study?

This programme includes English and three academic subject modules. English will be integrated into the teaching of academic subjects, as well as being taught separately if you need additional support to develop your English language.

There are four academic pathways to choose from and you will study the pathway most suited to your chosen progression degree. Academic skills relevant to the specific subject area will be taught to fully prepare you for university study. The pathways are: Business, Engineering and Physical Sciences, Humanities and Social Sciences and Life Sciences.

How will I be assessed?

You will be assessed at regular intervals throughout the programme to ensure you are making the progress required to successfully complete the programme. Full assessment of the programme will take place in the final term. Assessment methodologies are aligned to those that will be experienced in the University environment, and include project work, essays, presentations and unseen examination.

There are four different pathway options. You will study the pathway most suitable for your chosen progression degree.

The pathways and modules are:

Business

- Economics and Finance
- Business Behaviours
- Skills for Business

Engineering and Physical Sciences

- Pure Mathematics
- Physical Sciences
- Skills for Science

Humanities and Social Sciences

- Globalisation and Internationalisation
- Human Interactions
- Skills for Humanities and Social Sciences

Life Sciences

- Molecular Biology
- Biology and Biochemistry
- Skills for Science

Note: Modules are subject to availability and you will be guided onto the best combination of academic modules for your intended degree when you arrive at **ONCAMPUS** UCLan.

Programme details

Length of programme:
3 terms

English level:
6.0 IELTS in every element

Academic requirements:
Minimum 12 years of schooling.
Previous study of Maths, Chemistry and Biology.
Please see our website for specific requirements for your country.

Other entry requirements:
Interview

Minimum age:
17+

Hours per week:
23

Examinations/Coursework:
Maths 100% exam; English 100% exam;
Biology & Chemistry 70% exam/30% practical

Pass mark for progression:

- 70% overall in each academic module
- 7.0 IELTS in all skills
- Successful MBBS interview

Medicine Undergraduate Foundation Programme

This programme gives you the opportunity to apply for Year 1 of the Bachelor of Medicine and Bachelor of Surgery (MBBS).

Students who are successful on the Undergraduate Foundation Programme and at MBBS interview may be able to progress to the five-year MBBS at UCLan.

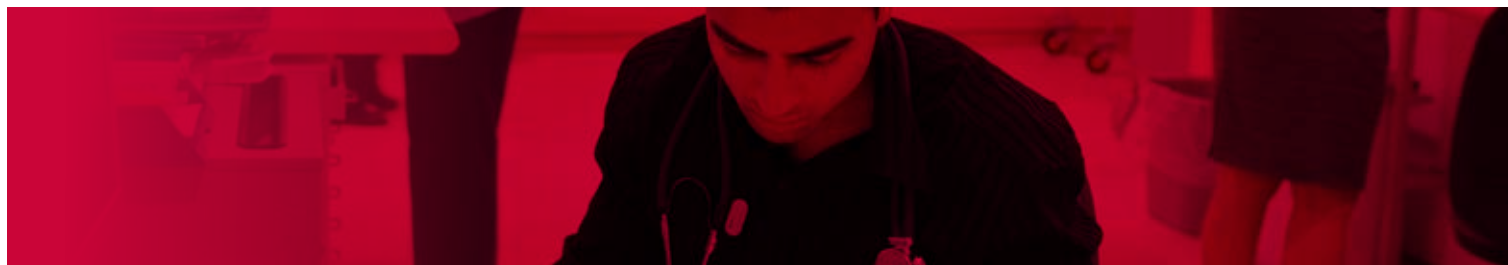

Degree progression

Dates and fees

	Per term	Annually (3 terms)	Progressing to undergraduate degree starting in
28 September 2015 – 03 June 2016	£5,500	£16,500	Sept 2016

All programmes are subject to a £200 registration fee and £2,300 refundable deposit.

Who is this programme designed for?

This programme is designed to prepare international students, who have completed senior secondary education and met the academic requirements listed, to apply for undergraduate study for a Bachelor of Medicine Bachelor of Surgery degree at UCLan.

How long will I study for?

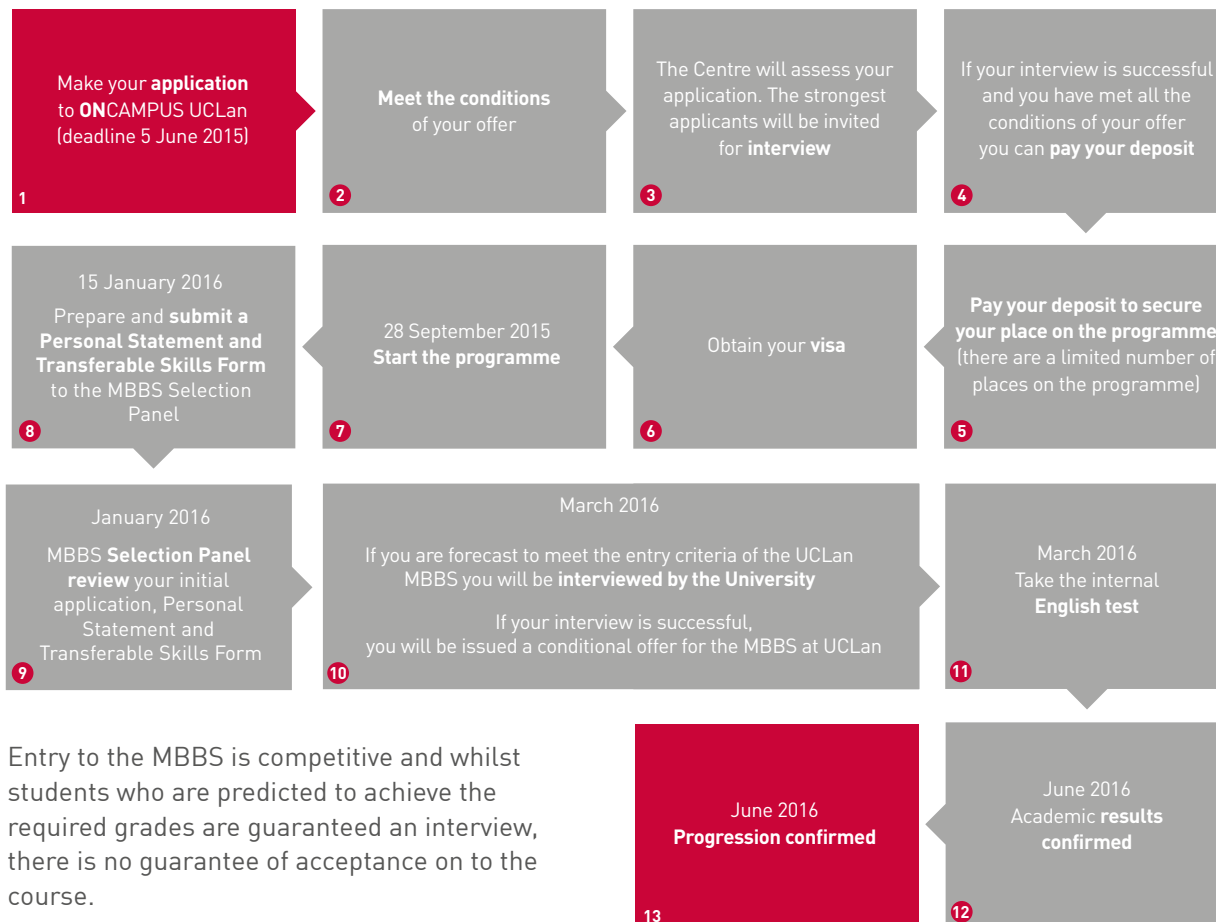

The duration of the programme is one academic year. The year is divided into two terms of seven to eight teaching weeks, a final term of up to 12 weeks, one reading week, and an assessment week. You will undertake 22 hours of classroom or lab-based study per week. You will be supported to undertake volunteering placements in a health and social care setting while you study this programme.

What will I study?

This programme includes four core modules, taken by all students throughout the course. These modules are: Biology, Chemistry, Maths and English. You will have a Personal Tutor to support you throughout the programme. Your Personal Tutor will help you adjust to life and study in the UK, support you to become a successful medicine student, and prepare you for your University interview.

How will I be assessed?

You will be assessed by exam for Maths and English, and by a combination of exam and practical work for Biology and Chemistry.

Entry to the MBBS is competitive and whilst students who are predicted to achieve the required grades are guaranteed an interview, there is no guarantee of acceptance on to the course.

Programme details

Length of programme²:

2 or 3 terms

English level:

- 3 terms – from 5.0 IELTS or equivalent, with no single element less than 4.5
- 2 terms – from 5.5 IELTS or equivalent, with no single element less than 5.0

Academic requirements:

See page 22 for country-specific requirements

Minimum age:

21+

Hours per week:

Up to 25

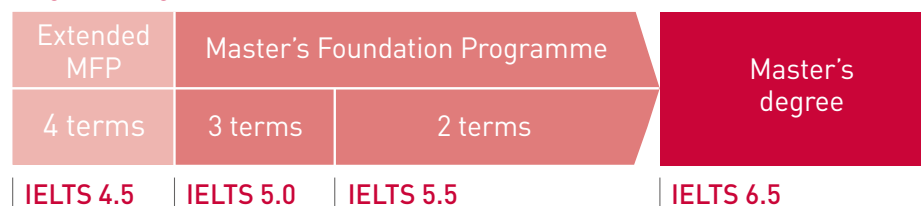

Pass mark for guaranteed progression:

- Pass achieved in each academic module
- 6.5 IELTS equivalent (internal test)

Master's Foundation Programme (MFP)

The Master's Foundation Programme is available as a two or three term programme. It offers you guaranteed progression¹ to a wide range of Master's degrees.

Degree progression

The 4-term extended MFP is available to start in June or September.

Dates and fees

No. of terms	Programme dates	Tuition fees per programme	Progressing to Master's degree starting in
2	30 March 2015 – 26 August 2015	£7,900	Sept 2015
3	28 September 2015 – 03 June 2016	£12,450	Sept 2016
2	11 January 2016 – 03 June 2016	£8,300	Sept 2016
3	11 January 2016 – 19 August 2016	£12,450	Sept 2016
2	29 March 2016 – 19 August 2016	£8,300	Sept 2016

All programmes are subject to a £200 registration fee and £2,300 refundable deposit.

¹ Guaranteed progression is subject to meeting the specified entry criteria detailed above. This is the pass mark for progression to most degrees. Some degrees require an additional interview/audition/portfolio and/or higher pass marks; these are indicated on the degree list, and on our website - www.oncampus.global.

² Extended programmes are available if you do not yet have the required English language level. These programmes last 4 terms and include an English Language Module (ELM) followed by the 3 terms of Master's Foundation required to apply for entry to the first year of your Master's degree.

Who is this programme designed for?

This programme is designed to prepare international students for postgraduate study in the UK. The Master's Foundation will allow you to improve your English while learning the study skills and research methods that you will need during your Master's degree studies. Depending on the length of the programme you study, you may also study academic modules relating to your chosen progression route.

How long will I study for?

Each term is divided into seven to eight teaching weeks, one reading week and an assessment week. You will undertake up to 25 hours of classroom-based study per week.

What will I study?

2 terms

If you study this programme, you will study two compulsory units of research project, personal and professional development, plus English language. You will also choose an additional academic subject unit, depending on your intended progression degree.

3 terms

If you study this programme, you will study two compulsory units of a research project, personal and professional development, plus English language. You will also choose two additional academic subject units, depending on your intended progression degree.

Academic subject units include Organisations and Behaviour and Business Strategy.

How will I be assessed?

Each module will have an assessment schedule, which will be completed by the end of the appropriate term, and will include formative and summative assignments and other assessment tasks. Assessments will be designed to demonstrate learning across the individual modules of the programme and to allow you to experience a wide range of the assessment methods used in UK postgraduate programmes.

Assessments will normally include coursework, essays, reports and other structured assignments, oral examination and unseen written examinations.

Living in PRESTON

All **ONCAMPUS** students are offered safe and secure accommodation close to where they are studying.

There are around 2,200 rooms available in UCLan halls of residence. The halls are either owned or leased by UCLan, and are located within or very close to the heart of the main campus.

All University halls are self-catering and the prices include all fuel and water bills. Students will receive free Wi-Fi access in all halls owned or leased by UCLan.

Every bedroom in UCLan's accommodation also has a study desk and chair, chest of drawers, wardrobe and wash basin.

Rent for university accommodation is among the cheapest in the country. Prices per week range from £79 to £99.

Students are entitled to subsidised bus travel to get into and around Preston.

Accommodation
guaranteed
until 31 July

When you progress to UCLan you can expect to pay between £10,950 and £11,950 per year in tuition fees, depending on your choice of degree. Merit scholarships are awarded to the highest performing **ONCAMPUS** students each year. These students receive a £1,500 scholarship for the first year of their degree. Please visit www.uclan.ac.uk for more information.

To help you budget for your time in Preston, here is an example of what you can expect to pay for some of the essentials of student life.

Approximate rent for room in UCLan halls of residence	£83 per week
Internet access in halls	FREE
Sir Tom Finney Sports Centre membership	FREE
NUS extra discount card	£12
Cinema ticket (with Student card)	£4.50

CGPA 3.2 on a 4-point scale with 3.2+ in Chemistry/Biology
Master's Foundation		
All	Successful completion of Bachelor's degree or equivalent, from a recognised university.	

Academic entry requirements listed here should be used as a guide only. Suitability for the programme will be assessed on a case-by-case basis. If your country is not listed, please contact admissions@oncampus.global.

NEXT STEPS

STEP ONE

Submit your application by one of the following methods:

Online:

www.oncampus.global

Email:

admissions@oncampus.global

Fax:

+44 (0)1223 346181

Post:

Admissions Office, **ONCAMPUS**, Kett House, Station Road, Cambridge, CB1 2JH, United Kingdom

Please remember to include all relevant documentation:

- Academic transcripts (with translations if not originally in English)
- Evidence of English level
- Passport

Other documentation may be required depending on the course, Admissions will advise.

STEP TWO

Our Central Admissions team will review your application.

- We will send you an offer letter which will list any outstanding conditions. We will remove any conditions that have already been met. If we think the course is not right for you, we will suggest an alternative.
- If we have any queries about your application, our Central Admissions team will contact you for further information.

STEP THREE

To accept your place on the course you will need to meet all the remaining conditions, including payment of the deposit/ registration fee or proof of government sponsorship. Only once all conditions have been met, can your place be confirmed, although once the deposit is paid we will hold a place for you.

- Please note that if you require a visa to study with us, you may need to provide additional evidence to comply with the visa regulations in the country of study. These are the requirements of the government and not of **ONCAMPUS**. Your assistance in meeting these requirements is much appreciated.

Mansaierlin

STUDIED
Undergraduate Foundation Programme

PROGRESSED TO
BSc (Hons) Physics

“Studying at **ONCAMPUS** has been a brilliant experience, I have been able to practise many skills that I haven’t studied previously at school.”

STEP FOUR

Once you have paid your deposit and met all the conditions of offer, we will confirm your place and send you a CAS (Confirmation of Acceptance to Study) or a Confirmation of Enrolment (CoE) if you do not need a CAS. If you need a visa, you will need to use your CAS/CoE to support your visa application. Please note a CAS can only be used 3 months before the start of the course.

- We will also send you pre-arrival information, including how to book accommodation should you require it.
- The accommodation application form will be included in the pre-arrival information sent to you. You should complete the form, selecting your preferred option, and return it to **ONCAMPUS** UCLan by email to liveinuclan@oncampus.global

STEP FIVE

You will then need to apply for a visa if you require one to study in the UK. It is your responsibility to obtain a visa before you travel to join the course. If you do not have a valid visa, you will not be able to join the course so please make sure you apply as soon as possible.

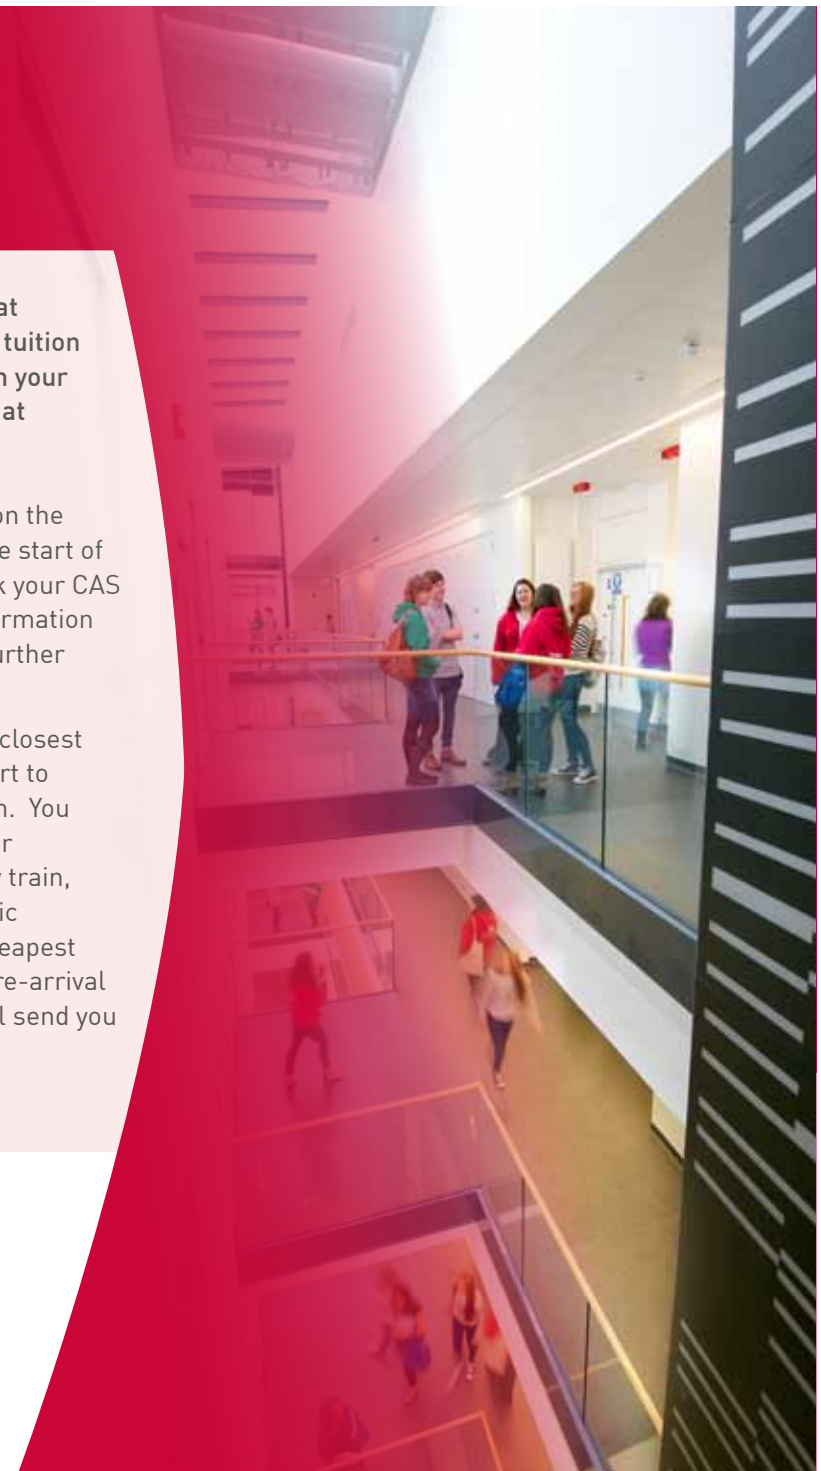

STEP SIX

You will need to pay at least the first term's tuition fees before you begin your programme of study at **ONCAMPUS**.

- You should arrive on the weekend before the start of term; please check your CAS statement or Confirmation of Enrolment for further details.
- Manchester is the closest international airport to **ONCAMPUS** UCLan. You can transfer to your accommodation by train, coach or taxi. Public transport is the cheapest option. Read the pre-arrival information we will send you for more details.

TERM DATES

Term	
1	28 September 2015 – 11 December 2015
2	11 January 2016 – 18 March 2016
3	29 March 2016 – 03 June 2016
4	13 June 2016 – 19 August 2016

ONCAMPUS UCLAN APPLICATION FORM

Apply ONLINE at www.oncampus.global/apply or return this form to:
Admissions Office, **ONCAMPUS**, Kett House, Station Road
Cambridge, CB1 2JH, United Kingdom
Tel: +44 (0)1223 345698 Fax: +44 (0)1223 346181 Email: admissions@oncampus.global

Please write neatly using BLOCK CAPITALS in black ink or typescript. Incomplete application forms submitted without ALL the supporting documents will delay the decision process.

1. PERSONAL DETAILS

Title (Mr/Mrs/Miss/Ms etc)	
First name(s)	Family name
Date of birth (dd/mm/yy)	Age on entry
Nationality (as passport)	Male/Female
Country of permanent residence	
Home address	Correspondence address (if different)
Postcode	Postcode
Country	Country
Mobile (incl. country code)	Mobile (incl. country code)
Telephone (incl. country code)	Telephone (incl. country code)
Student email	

Do you have any criminal convictions? Yes No (Your enquiry cannot be processed if you do not complete this section)

2. DISABILITY/SPECIAL NEEDS

I declare that I am applying to **ONCAMPUS** as a genuine student and that the information and supporting evidence and academic documents I have provided are true copies. I understand that by signing this declaration I have read, understood and agreed to the terms and conditions and fees of study at **ONCAMPUS** UCLan as outlined on the **ONCAMPUS** website www.oncampus.global/terms and agree to comply with UKVI regulations at the time of application and during my course of study. If you do not have access to the website or would like a written copy of the conditions of enrolment, you can request these from **ONCAMPUS** Central Admissions at admissions@oncampus.global.

In order to deliver your education and protect your welfare, Cambridge Education Group (CEG) will collect, keep and otherwise process personal data, including sensitive personal data that relates to you and your circumstances. This will include your name and contact details, and those of your parents, guardians, agent or sponsor. We will also keep data about your education, health, welfare, accommodation, travel, passport, visa, finances and fees.

We will keep this information secure at all times and we will share it within CEG as necessary to run our business, deliver your education and ensure your safety. We will also release this information where it is legally required or lawful to do so, or in the event of a medical emergency if it is necessary to protect your health or the health of others. We will provide reports to your agent, parents or guardian on your progress, and also where necessary with our academic partners such as universities. Some of our data transfers may transfer your data to other countries.

Do you consent to your personal data being stored, processed and released by CEG in this way?

Do you consent to your sensitive personal data including health, welfare, nationality, ethnicity, religious and other data being stored, processed and released in this way?

Do you consent to the reasonable use of your details and academic achievement to be used for marketing purposes?
