We know international students have different needs from those already in the UK, so that's why we've designed a comprehensive student support system that ensures you feel supported every step of the way.

We will help you to settle into London life and give you advice on tasks such as opening a bank account, travelling around the city and registering with the police if you need to.

We'll provide information on accommodation, finance and things to bring with you, from essential forms and certificates to advice on extra clothes for winter!

Induction

The induction week at **ON**CAMPUS is one of the most important weeks in helping you to settle in. You will meet key staff, have an academic interview to talk about your programme, meet new people and have a tour of the campus.

Throughout the year

Our support before you arrive is just the beginning. Not only do you have access to all the standard things you'd expect - your own personal tutor, small tutor groups and our online academic platforms (such as Moodle) – you'll also find the following:

Academic support:
We'll make sure you stay on track with your study plan, meeting any targets and setting up additional academic support if you are struggling in any area.

University integration:
To prepare you for a smooth progression to university, there is plenty of activity to make you feel part of the university from day one. Taster lectures, experience days, campus tours and the ability to join sports and social groups are just a few.

We have lots of exciting organised activities, published every month, for you to join in with as little or as much as you like.

We give you **support** to improve your English skills

Every programme at **ON**CAMPUS London has English modules to make sure you have a good understanding of the vocabulary and grammar you need to succeed at top UK universities.
