ONCAMPUS programmes can offer progression* to a range of undergraduate and postgraduate degrees at Coventry University.

*Subject to meeting the specified entry criteria. Visit www.oncampus.global/coventryprogression
ONCAMPUS, part of Cambridge Education Group, is proud to work in partnership with Coventry University to offer high-quality university preparation programmes for international students on the University campus.

ONCAMPUS programmes are designed to give students an excellent opportunity to prepare for the rigours of academic study at Coventry University.

We offer high-quality programmes to support international students to develop the academic, personal and professional skills needed to be successful at university.

Our students can progress to a wide range of degree programmes at undergraduate and postgraduate level, through our partnership with Coventry University, subject to meeting the specified entry criteria.

Students are supported throughout their journey by an outstanding level of teaching. Our highly qualified staff offer support both inside and outside the classroom, and every student is assigned a personal tutor to ensure they remain on track to achieve their goals.

“Receiving praise and celebration for my achievements from teachers has been an eye opener. Our teachers genuinely care about how we are managing our work and find different ways to present information so that we always understand. I have experienced lots of support at ONCAMPUS and although it has been hard work the foundations of the IFP are so strong I don’t believe there is anything I won’t understand when I start my degree.”

*Accreditations, endorsements and other third-party approvals will be renewed in accordance with the relevant organisation’s standard review process and subject to the University maintaining the same high standards of course delivery. Please check individual degree programmes for specific details.

Coventry University Business School offers a wide range of courses, which are career relevant and have strong emphasis on preparing students for future employment.

As a Business student, you will benefit from the excellent links the School has with national and international organisations, such as the Chartered Association of Business Schools (ABS) and the European Foundation for Management Development (EFMD).

The School has one of the largest academic Trading Floors in Europe, with Bloomberg terminals where you can gain experience using industry-standard tools such as Reuters and Datastream.

Coventry University Law School offers a range of Law degrees in both general and specialist areas such as business law and international law. As a Law student, you can benefit from:

- A mock courtroom where you can practise your legal skills within a realistic environment
- Coventry Legal Advice Service: your own law clinic where you can put your studies into practice in the local community
- The opportunity to boost your employability by taking an optional year on placement or study abroad on all undergraduate courses.

ONCAMPUS students with a progression degree in Law can study either the Humanities or Business pathway. For intakes where the Humanities pathway is not available, students can study the Business pathway.

**Memberships and Accreditations**

The Business School is an active member of the European Foundation for Management Development (EFMD), the most important European Business School Association, and the Chartered Association of Business Schools (ABS), which enhances the quality of students’ educational experience.

Facility of Engineering, Environment and Computing

Situated in the birthplace of the British motor industry, the Faculty of Engineering, Environment and Computing enjoys a global reputation for teaching, student experience and research. Working with some of the biggest names in the industry, such as Jaguar Land Rover, GE Aviation, BMW, Mercedes, Cumbins and Intel, teaching staff use their expertise to educate students through activity-led learning.

As a student, you will benefit from:
- An extensive portfolio of degree courses, with many subject areas highly ranked in university league tables
- Studying in an inspirational building built to reflect future engineering technology
- Industry-standard equipment, software and practical workspaces
- Facilities such as flight simulation systems, including one in the cockpit of a Harrier jet, a wind tunnel designed by Mercedes, and the student-activated Formula One team and one of the most powerful magnets in the UK.

"I chose Coventry University because of its rankings and its good reputation for Engineering in the UK, which will lead to better job opportunities when I graduate. My teachers at ONCAMPUS are really nice and friendly. They are different to what I am used to - we get lots of practical things to do to enhance what we are learning, which is a better way of studying. ONCAMPUS has been really fun experience but also beneficial as it has prepared me for what will be expected at Coventry University."

Degrees you can progress* to

Maths and Physics modules are compulsory for all Computing, Engineering and Sciences undergraduate degree courses.

Progression to Year 2 of these degrees available through the International Year One programme.

Summary

ONCAMPUS provides a progression pathway to undergraduate degrees in Computing, Engineering and Sciences. The English language requirement is 6.5 IELTS or equivalent, with a minimum of 50% in academic modules. For more information, visit the Coventry University website.
As one of the oldest parts of the University, the Faculty of Arts and Humanities has been educating artists, designers and creative thinkers since 1843. The Faculty prides itself on being industry facing and this is reflected in the access it provides to work placements, live projects and staff with experience in the cultural and creative industries.

As a student, you will have access to:
- State-of-the-art facilities such as the largest automotive clay studio in the UK
- The Tank – a specialist multimedia production studio
- Digital design and printing studios
- Fashion studios and the Lanchester Gallery

Awards & Accolades
- The School of Art and Design was seventeenth in the UK’s Graduate Prospects 2019 league table.
- Graduates have also won awards from animation Oscars to Turner Prizes, and the International Red Dot Institute nominated the School for top rank.

Accreditations
- The School of Architecture was rated top 10 in the Guardian University Guide 2019
- The School of Design was rated No. 1 for Film and Photography (Guardian University Guide 2019)

Seokbae Yun, Korean  | Progressed to: BA (Hons) Automotive Transport Design | Coventry University

“I always wanted to be a car designer and I liked the Automotive Design courses in the UK, especially at Coventry. There were a lot of facilities available to use, for example, metal workshops. The most important thing I learnt at ONCAMPUS was how to research independently before starting a design. The teachers were very different, as UK education is more focused on research, so gaining inspiration for my designs I found very important.”

Note: Law degrees are taught in the Faculty of Business and Law. ONCAMPUS students can study either Humanities or Business pathway. For intakes where Humanities pathway is not available, the Business pathway can be chosen. Visit pages 10-11 for further details.

Kyle Abadi, Medical student | Progressed to: BSc (Hons) Physiotherapy (Complete University Guide 2019)

“I wanted to study in the UK because of the quality of education provided, especially in the health care sector. I like the teachers at ONCAMPUS; a lot of them have worked with international students before and understand our needs. In the UK the learning style is different: we have group discussions, presentations and interactive learning is promoted. This approach has taught me to study more independently in comparison to my studies in India. I am very happy with my accommodation, it’s close to the University and the common room is great.”

### Entry criteria

#### English level:
- or equivalent, with no component less than 4.0, for 3-term IFP. From 5.5 IELTS for Intensive IFP with no component less than 5.0.

#### Academic requirements:

- Successful completion of 11-12 years of schooling with good grades. Please see the website for academic entry requirements.

#### Guideline minimum age:

- Under-18 students are subject to the Under 18 Supplement.

#### Pass mark for progression:

- 40% achieved in each academic module [50% for Engineering]
- 6.0 IELTS or equivalent, no component below 5.5 (internal assessment)

1. This programme can offer progression, subject to achieving the pass mark for progression, outlined above. This is the pass mark for progression to most degrees. Some degrees require an additional interview/examination/portfolio and/or higher pass mark. These are indicated on the degree list, and on our website www.oncampus.global/undergraduateprogression.

2. Extended programmes are available on the Art and Design and Life Sciences pathways if you do not have the required English language and academic modules. If your language level is below 6.0 IELTS or equivalent then you offer the English Language Preparation Programme (ELPP) – see page 28 for details or visit www.oncampus.global.

3. This ratio may vary depending on subjects studied.

Completing the programme

I had an amazing experience at ONCAMPUS. The classes, modules and personal development course helped me greatly in preparation for my MSc programme, especially my thesis. I was also pleasantly surprised at how easy it was to approach and discuss with the tutors, which has led to great relationships even after my course.
English Language Preparation Programme (ELPP)

This programme can offer progression¹ to the International Foundation, International Year One and the Master’s Qualifying Programme.

¹ Subject to meeting the English requirement for the IFP and MQP.

“ONCAMPUS Coventry gave me a very good grounding in English that was appropriate for academic study. The support and the advice have been essential towards progression to my Master’s course and especially writing my dissertation paper. The transition from using English as a second language to being the prime method of communicating, especially in effective writing, is critical for any success at the University - the friendly approach at ONCAMPUS Coventry is a perfect foundation to achieve this.”

For a full list of progression degrees see pages 11-17.

In the middle of the campus lies The Hub, students’ building. This purpose-built space is where students gather before, after or in-between lectures and tutorials for a spot of lunch, a quick coffee or just to log onto one of the open access computers.

It’s also the home of Coventry University Students’ Union (CUSU) and has a student bar, performing arts space, 2D and 3D cinema and a mini supermarket, among many other things. It really is ‘the hub’ of life on campus.

The University library is your complete learning resource and offers a range of environments spread across five floors. There is lots of provision for individual, silent and group study working, with open areas, bookable rooms and a Learning Lounge, which provides a more relaxed group study area.

The Sports and Recreation Centre is located centrally on campus. It contains a modern fitness suite with all manner of cardiovascular and resistance machines, dedicated free weights and a core and stretch area. There are two indoor sports halls that are available for students to book and get together with friends for a spot of basketball, indoor football, badminton, netball and much more.* You can also take advantage of gym and fitness classes, from low-intensity yoga to high-energy Circuits, Boxing Fitness and HIIT classes.

Outdoor sports facilities including several football, rugby and hockey pitches and an AstroTurf facility are just a short bus journey from the campus.

As an ONCAMPUS Coventry student you can regularly meet your future lecturers and academics at events and activities across campus.

*Membership fees may apply.

About Student Life

Student Cover

It’s essential for international students to take out adequate insurance while studying. ‘Student Cover’ has been created in partnership with Endsleigh, the UK’s largest student insurance provider. With both standard and premium options, Student Cover is specifically designed to meet your needs while studying with us – from the time you set off to the moment you arrive back home.

For more information about Student Cover visit www.oncampus.global/insurance.

Under 18 Supplement

Under British Law, anyone under 18 is legally classed as a child and such students often have different needs for welfare and support. ONCAMPUS provides a range of extra tailored services covered by the under 18s supplementary fee, which is automatically added to the student’s account. Students have access to experienced welfare personnel who provide both academic and emotional support before and after arrival, as well as an independent guardian from the professionally-accredited College Guardian initiative.

For more information about the Under 18 Supplement visit www.oncampus.global/about-us.

“I’ve made a few friends here and it’s great because I usually get to spend my evenings in the common room with them where we hang out and watch movies or play games on TV. I find my accommodation to be very safe because of the security present 24/7. We need a key fob to gain access into the building as well as a separate room key card to enter our rooms. The staff are also very helpful here.”

**Before you arrive**

Once you’ve confirmed your place at ONCAMPUS, we’ll help with a whole host of things such as visas, what to expect on arrival in the UK, insurance and how to get to the centre. We’ll provide information on accommodation, finance and things to bring with you, from essential forms and certificates to advice on extra clothes for winter!

Our fabulous pre-arrival app contains all sorts of useful information for you to download before you arrive at ONCAMPUS.

during induction

**Induction**

The induction week at ONCAMPUS is one of the most important weeks in helping you to settle in. You’ll meet new friends, pick up your timetable and meet your academic teachers, tour the centre and the University and sign up to sports and social activities.

There’s lots to do before your lessons start, and alongside the fun things there might also be a little bit of boring form filling too…

### Highlights

**Academic support**

We’ll make sure you stay on track with your study plan, meeting any targets and setting up additional academic support if you are struggling in any area.

**University integration**

To prepare you for a smooth progression to Coventry University, there is plenty of activity to make you feel part of the University from day one. Heads of Faculty presentations and faculty visits, experience days, campus tours and the ability to join sports and social groups are just a few.

**Social activities**

You’ll have opportunities to explore the UK by joining weekend trips organised by the University. An ideal way to experience British history and culture. Booking fees apply.

“During my time at ONCAMPUS, I became more independent and self-confident. My tutors were very supportive and keen towards my studies. I learnt new techniques, which I could implement at the University, and which have been very helpful to me during my degree.”
Applying

Next Steps

Submit your application by one of the following methods:
• Online: www.oncampus.global Email: admissions@oncampus.global
• Fax: +44 (0)1223 346181
• Post: Admissions Office, ONCAMPUS, Kett House, Station Road, Cambridge, CB1 2JH, United Kingdom

Please remember to include all relevant documentation:
• Academic transcripts (with translations if not originally in English)
• Evidence of English level
• Passport.

Additional documentation may be required depending on the course. Our Admissions team will contact you should this be the case.

Our Central Admissions team will review your application.

We will send you an offer letter which will list any outstanding conditions. We will remove any conditions that have already been met.

If we think the course is not right for you, we will suggest an alternative.

If we have any queries about your application, we will contact you for further information.

To accept your place on the course you will need to meet all the remaining conditions, including payment of the deposit/registration fee or proof of government sponsorship. Only once all conditions have been met, can your place be confirmed, although once the deposit is paid we will hold a place for you.

Please note that if you require a visa to study with us, you may need to provide additional evidence to comply with the visa regulations in the UK. These are the requirements of the government and not of ONCAMPUS. Your assistance in meeting these requirements is much appreciated.

Once you have paid your deposit and met all the conditions of offer, we will confirm your place and send you a Confirmation of Acceptance for Studies (CAS) or a Certificate of Enrolment (CoE) if you do not need a CAS.

If you need a visa, you will need to use your CAS/CoE to support your visa application. Please note a CAS can only be issued three months before the start of the course.

We will send you pre-arrival information. The accommodation application form will be included in the pre-arrival information. You should complete the form, selecting your preferred option, and return it to ONCAMPUS Coventry by email to liveincoventry@oncampus.global.

You will then need to apply for a visa if you require one to study in the UK. If you do not have a valid visa for studies in the UK, you will not be able to join the course.

You are required to pay at least the first term’s tuition fees before you begin your studies at ONCAMPUS.

You should arrive on the weekend before the start date of the course; please check your CAS or CoE for further details.

London Heathrow and Birmingham International are the closest international airports to ONCAMPUS Coventry. You can transfer to your accommodation by train, coach or taxi. Please be advised that public transport is the cheapest option. Refer to the pre-arrival information that we will send you for more details.
