June
Announcement

We made a commitment to share our plans with you in June and we're pleased to announce some exciting news regarding our U.S. center plans for the academic year 2020/21.

Please note that in the coming days and weeks, we will be providing you with more detailed information.

ILLINOIS INSTITUTE
OF TECHNOLOGY

**We're changing our plans so
you don't have to change yours.
Come when you're ready.**

Start face to face or online this August.

International travel remains uncertain. Illinois Tech and the Global Education Center plan to teach face to face or online to offer you maximum flexibility. Depending on your circumstances we have two tailored options for you to choose from:

- A. Arrive on campus for the fall semester and attend face to face classes.
- B. Start online in the fall semester 2020 and move to face to face classes in the spring semester 2021.

Options for 2020 study at Illinois Tech?

**ONCAMPUS
BOSTON**

Don't give up on your plans to study internationally.

Education is more important than ever.

ONCAMPUS Boston is welcoming all students to campus for face to face teaching this August. Classes start on August 31st however, the arrival date may be flexible to the student's personal situation.

Please refer to our Illinois Tech FAQ's, and we will provide a Boston FAQ in the coming days
