ONCAMPUS READING

ONCAMPUS is proud to work in partnership with the University of Reading to offer an opportunity for international students to prepare for undergraduate and postgraduate degree study in the UK, with guaranteed opportunity for progression.

The University of Reading is an outstanding educational institution, with an internationally renowned reputation for the quality of its research and the excellence of its teaching. It is a highly ranked university, placed 28th among UK universities featured in the QS World University Rankings, 2023.

In easy reach of central London, the University has invested more than £500m in its award-winning campuses in the past decade. It has created new student accommodation and teaching facilities, many of which are nestled within 130 hectares of stunning parkland. This earned Reading's Whiteknights Campus its 12th consecutive Green Flag Award in 2022.

Established in 1892 as a University of Oxford extension college, the University was granted its Royal Charter and full university status in 1926; it was the only university to be awarded a charter between the two world wars.

Strong business links

Reading is a global town: a hotbed of innovation, culture, creativity, and technology. It hosts the UK headquarters of Microsoft, Oracle and Huawei. Many multinational companies also have UK offices in Reading, such as Prudential, Ericsson and PwC.
