LUND SWEDEN

Progress to a Bachelor's
or Master's degree in
Sweden – one of the most
innovative countries in
the world

In collaboration with

LUND
UNIVERSITY

Kristianstad
University
Sweden

2019-2020

Achieve more

ONCAMPUS LUND SWEDEN

Study at ONCAMPUS Lund Sweden with opportunity to progress to our partner universities, Lund University, Kristianstad University and Swedish University of Agricultural Sciences.

Home of the Nobel Prize

the world's most prestigious academic distinction which recognises academic, cultural and/or scientific advances.

Sweden is ranked among the TOP 4 countries in the world at providing higher education

Universitas 21 Ranking 2018

Swedes have the highest proficiency in English

as a second language in the world
Education First English Proficiency Index 2018

Sweden is one of the world's most innovative and research-intensive nations.

Global Innovation Index 2017

Sweden is one of the safest countries in the world

with a great global reputation, ranked as one of the best in which to live.
2017 Social Progress Index

Sweden is ranked one of the most creative

countries in the world and is well known for its eco-friendly culture.

90% of Swedes speak English

offering students an international environment to live and study within.

Sweden is ranked third most innovative economy in the world

by the 2018 Bloomberg Innovation Index.

**Reaching
a top
Swedish
university**

Your route to a top Swedish university

Preparing for a Bachelor's degree

- Do you have:
- 12 years of schooling?
 - an IELTS score of 6.0 or more?
 - the ambition to graduate from a top Swedish university?

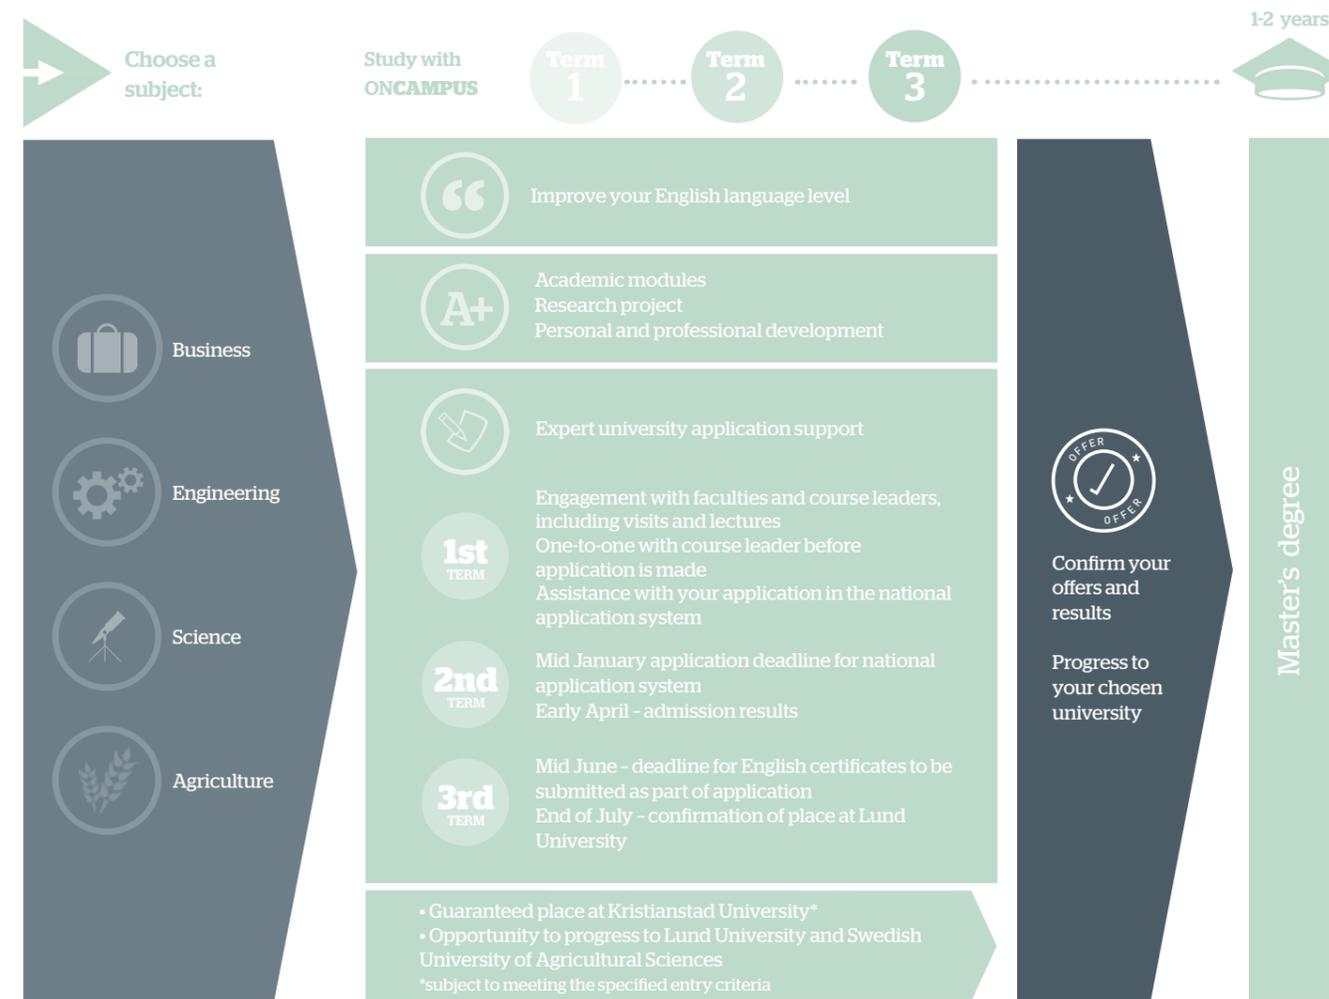

100% progression to Lund University in 2018
(from all PMPP students who met the entry criteria)

Preparing for a Master's degree

- Do you have:
- a Bachelor's degree or equivalent?
 - an IELTS score of 5.5 or more?
 - the ambition to gain a Master's degree from a top Swedish university?

"I have found Lund quite quiet and peaceful so it is a very good environment for study. The teachers at ONCAMPUS are very patient. I was very shy when I arrived and I was not so good at speaking English, but the teachers continued to encourage me. We are taught different methods of study and how to manage our time. We are taught it's our duty to focus on our study – how to write essays, how to research, sharing ideas, communicating and critical thinking – we question what the writers say and discuss it. At Lund University you will have to self-study and be independent. At ONCAMPUS we have time and the teachers' support to get us ready for study at Master's level."

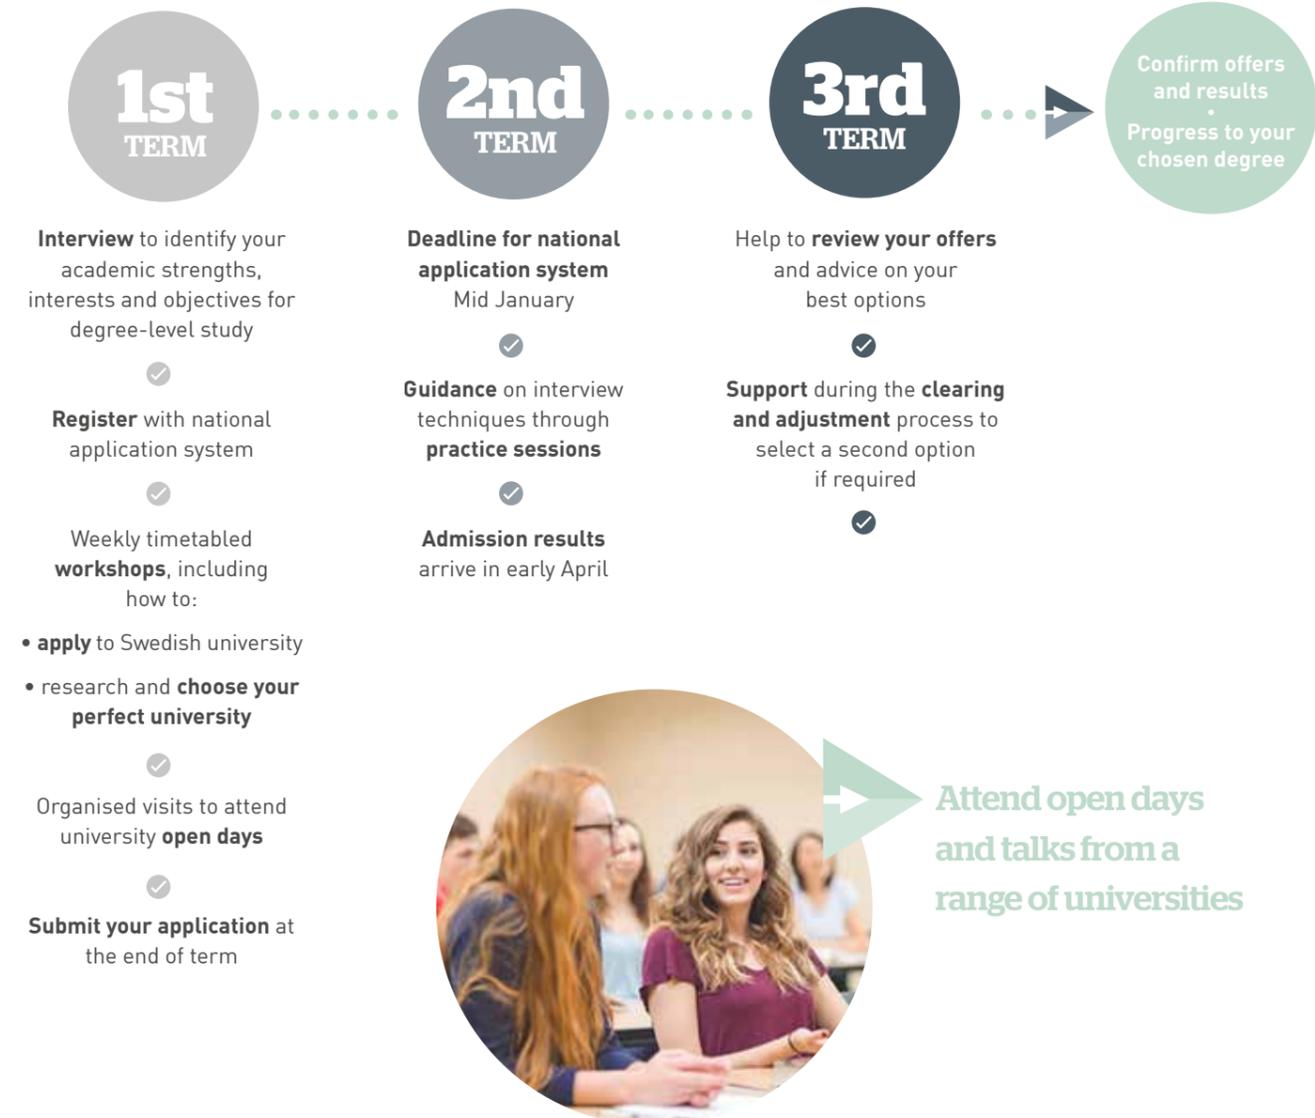

Exceptional support to make your university application

Choosing the right university is one of the most important decisions you will make. At ONCAMPUS Lund Sweden we will give you all the information, guidance and support you need to make this decision from the start of your programme.

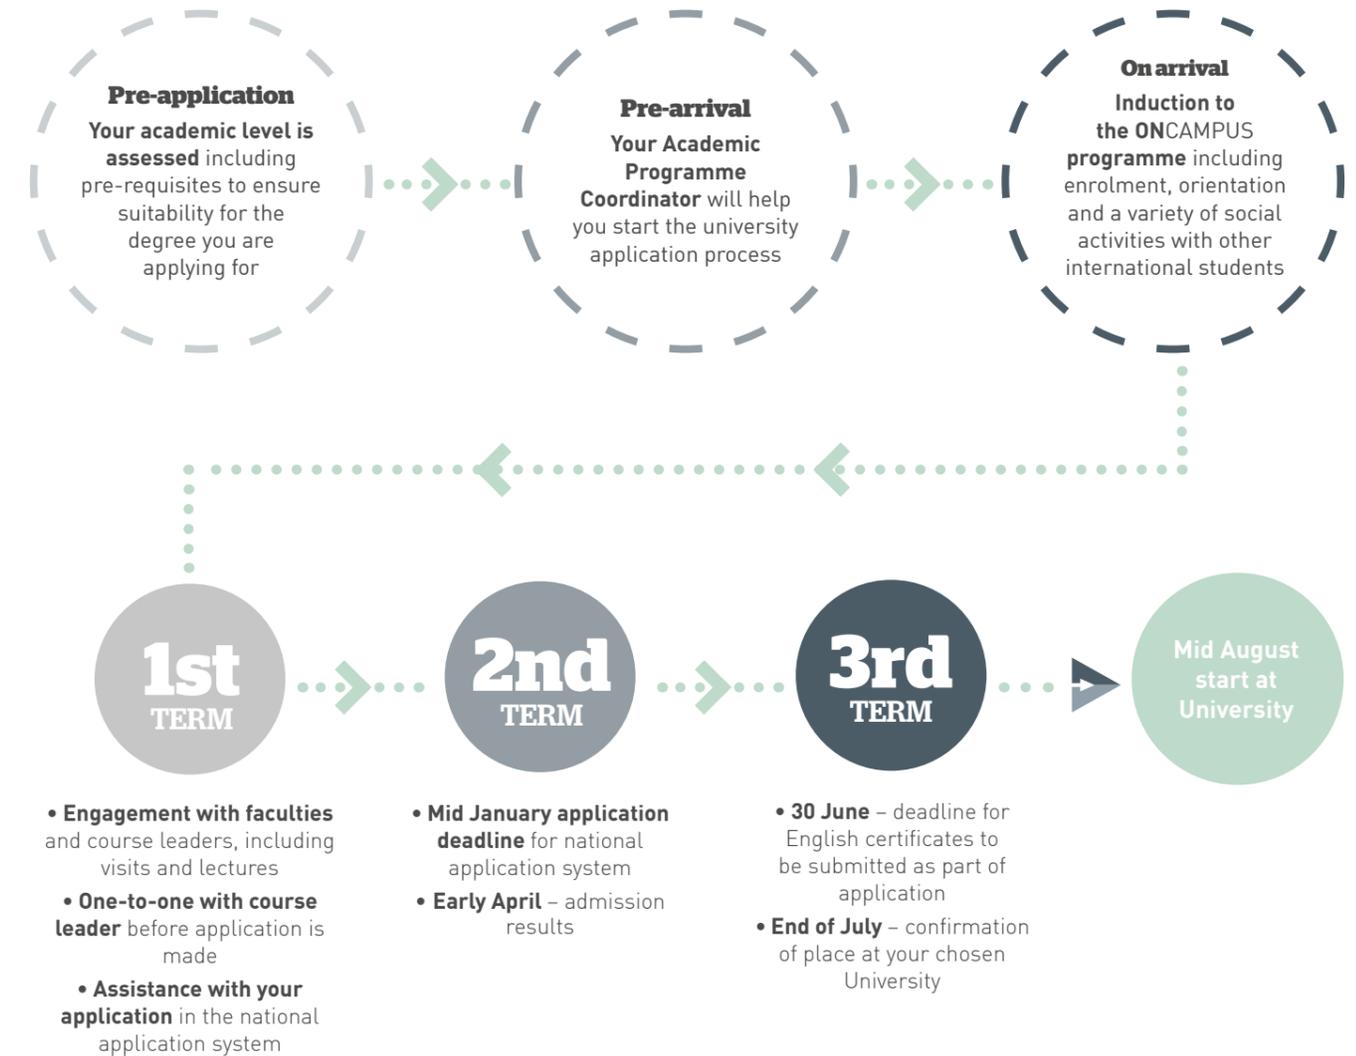

Access to higher education workshops to complete your university applications

Our Partners:

Lund University

Lund University is a top 100 university for graduate employability (Global University Employability Ranking)

Lund University

Awarded the **safest campus in Sweden**

(Security Awards 2015 and 2016, Skydd och Säkerhet)

Lund University

Lund University has **40,000 students**. There are over **100 Master's** and **eight Bachelor's** in English

Alnarp Campus, SLU

Kristianstad University

Swedish University of Agricultural Sciences (SLU)

Voted Sweden's **best young university**

(Times Higher Education 2018)

Kristianstad University

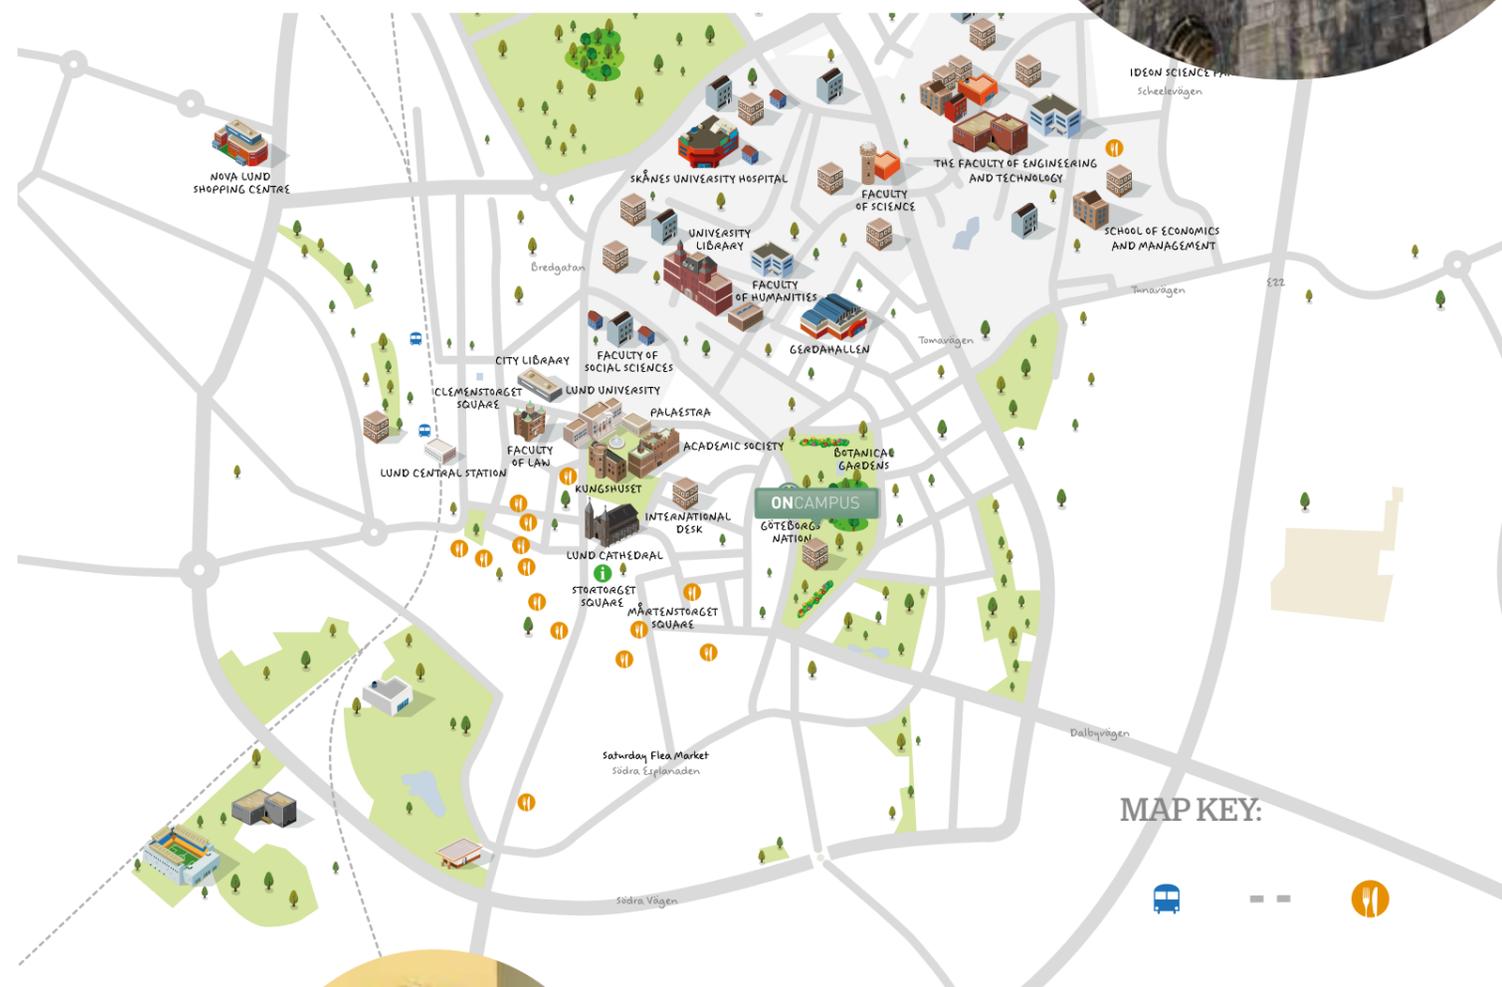

Kristianstad is an international, progressive and open-minded university.

ONCAMPUS Lund Sweden is located in heart of Lund's Botanical Gardens.

Wide variety of **cultural attractions**

in Lund, including museums, castles and Lund Cathedral.

MAP KEY:

Wu Wang, Chinese | Progressed to: MSc Architecture | Lund University

"The **ONCAMPUS** programme has introduced study skills I hadn't known before such as maths lab, research skills and reflection - very important as I now know to look back at my drawings and consider potential drawbacks to them. I enjoy the teaching strategies used to engage us - humour is one of them and as a result our lessons are very funny."

Lund University

Sweden's top-ranked comprehensive university
(QS World University Rankings 2019)

A member of the international research-intensive university network LERU and U21

TOP 100 in the QS World University Rankings 2019

1st choice for international students studying in Sweden
(National admissions statistic)

Founded in 1666
Lund is one of the oldest and broadest universities in northern Europe

Ultrasound, dialysis & Bluetooth are all examples of revolutionary discoveries that have their roots in research at Lund University

Lund attracts students of 130 nationalities, creating a truly international campus

MAX IV Laboratory, opened in June 2016
MAX IV Laboratory is the world's foremost synchrotron radiation source which has put Sweden in a class of its own in materials and nano research. Max IV is hosted by Lund University

LTH - Faculty of Engineering

Through **ONCAMPUS** you will have the opportunity to apply for a Master's degree at LTH - Faculty of Engineering. A degree from LTH - Faculty of Engineering at Lund University opens many doors to opportunities and paves the way for a meaningful and vital career.

Studying Engineering

LTH - Faculty of Engineering teachers and researchers have strong links to society and industry, both locally and internationally. Many of the courses feature guest lecturers and opportunities to visit local businesses in conjunction with coursework projects. The area around Lund and Copenhagen is one of the most expansive regions in Europe, especially within the high-tech sectors covered by LTH - Faculty of Engineering.

In addition, Lund University is situated next door to two of Europe's largest research centres, MAX IV and the upcoming ESS. When studying a Master's programme at Lund University, students benefit from highly knowledgeable teachers who are actively involved with the latest developments in their field. You will work with your teachers and fellow students in an informal environment, have access to modern study and laboratory facilities, as well as the opportunity to follow unique research projects at close quarters.

Lund University is situated next door to two of Europe's largest research centres, MAX IV and the upcoming ESS

Innovations with their roots from Lund engineering research:

- Diagnostic ultrasound
- Bluetooth technology for wireless communications over short distances
- Proviva – a fruit drink with the healthpromoting bacteria culture Lactobacillus
- Precise Biometrics – fingerprint readers
- Decuma – handwriting recognition
- Blood purification with ultrasound
- Polar Rose – advanced image analysis and facial recognition
- Hövding – invisible cycle helmet
- Sol Voltaics – solar cells made of nanowires
- Glo – low-energy LEDs
- Gasporox – gas analysis in food packaging
- Pharmaceutical companies Camurus, BioInvent, Respiratorius and Alligator Bioscience

The Lund region has a dynamic technology-led industry.

Here are just a few examples:

- Ericsson
- Intel
- Sony
- Huawei
- QlikTech
- ARM Sweden
- Tetra Pak
- Axis
- Alfa Laval
- Gambro

Degrees you can progress to

All degrees are two-year Master's degree programmes (120 credits). Each degree has its own additional progression requirements and students are advised to check www.lunduniversity.lu.se for the most up to date entry requirements. Students must ensure their Bachelor's degree meets the specific requirements for the intended Master's degree of choice. **ONCAMPUS** Lund Sweden students will be supported to apply to any of the following Master's degrees within the Engineering Faculty.

Progression is not guaranteed.

Master's degrees entry requirements

ONCAMPUS PROGRESSION PATHWAY: ENGINEERING

MSc Architecture

A Bachelor's degree in Architecture. A digital portfolio of the applicant's own work in the field that clearly proves that the applicant has good potential to benefit from the programme.

MSc Biotechnology

A Bachelor's degree in biotechnology, biochemical engineering, food technology or equivalent. Completed courses in mathematics/calculus and microbiology or biochemistry.

MSc Embedded Electronics Engineering

A Bachelor's degree in electrical engineering, computer science or equivalent. Completed courses in mathematics (calculus, differential equation, transform theory and linear algebra) of at least 30 credits/ECTS, as well as completed courses in basic circuit theory, electronics, analogue electronics and digital electronics corresponding to at least 30 credits/ECTS in total. The applicant must have basic programming skills (at least one course) and knowledge of electronic description languages, such as VHDL/Verilog.

MSc Energy-Efficient and Environmental Building Design

A Bachelor's degree in architecture, civil engineering, architectural engineering or equivalent. Completed courses within the three subjects building technology/structural engineering, building physics/science and building services. A minimum of 3 credits/ECTS is required for each of these three subjects. In addition, a total of 30 credits/ECTS is required as sum of any combination of courses within energy and building technology/structural engineering, building physics/science, building services, building materials and architecture.

MSc Food Technology and Nutrition

A Bachelor's degree in food technology, food engineering, chemical engineering, engineering biotechnology, chemistry or equivalent. Completed courses in mathematics/calculus, microbiology, chemistry and biochemistry.

ONCAMPUS PASS MARK (IN ACADEMIC MODULES): 40%

ENGLISH REQUIRED (IELTS EQUIVALENT): 6.5 (with no component lower than 5.5)

MFA Industrial Design

A Bachelor's degree with relevance to the applied education. A digital portfolio of the applicant's own work in the field that clearly proves that the applicant has good potential to benefit from the programme.

MSc Logistics and Supply Chain Management

A Bachelor's degree in industrial engineering and management, mechanical engineering, operations management, logistics or equivalent. Completed basic courses in algebra and calculus corresponding to at least 20 credits/ECTS, one course in business logistics and/or operations management (or related), one course in mathematical statistics/probability theory and one course in computer programming.

MSc Production and Materials Engineering

A Bachelor's degree in mechanical engineering, industrial engineering or equivalent. Completed basic courses in algebra and calculus corresponding to at least 20 credits/ECTS, one course in manufacturing engineering and/or production technology and one course in engineering materials.

MSc Sustainable Urban Design

A Bachelor's degree in architecture, landscape architecture, physical planning or urban design. A digital portfolio of the applicant's own work in the field that clearly proves that the applicant has good potential to benefit from the programme.

MSc Water Resources Engineering

A Bachelor's degree in civil engineering, environmental engineering or equivalent. Completed courses in mathematics/calculus, hydraulics/fluid mechanics and geology.

MSc Wireless Communication

A Bachelor's degree in electrical engineering, computer engineering, information technology or equivalent. Completed courses in mathematics (including calculus, linear algebra, and probability theory) of at least 30 credits/ECTS. The applicant must also have knowledge in signals and systems (including linear systems and transforms), basic programming, electromagnetic field theory and circuit theory, corresponding to at least 30 credits/ECTS.

LTH - Faculty of Engineering in numbers:

19 departments

9,600 students

1,500 employees including:

500 doctoral students

700 teachers and researchers

300 technical/administrative staff

Turnover **SEK 1.8bn** (approx. EUR 179m) of which **SEK 1.2bn** goes to research

Faculty of Science

Through ONCAMPUS you will have the opportunity to apply for a Bachelor's degree or Master's degree at the Faculty of Science. The future challenge for science is not only to develop knowledge, but also to bring it forward and make it accessible as a platform for political decisions. Humanity faces big challenges and science plays a decisive role both in discovering problems and in finding solutions for them.

Studying Science

Knowledge and research within science have laid the foundation for much of modern society's prosperity. However, rapid developments in technology and consumption along with growing economies have also generated global problems associated with over-exploitation of water, land and air. To ensure a wise exploitation of the planet's resources in the future,

strengthened research efforts are required as well as politicians and other decision makers being aware of, and basing their decisions on, scientific knowledge. Science at Lund University is characterised by first-class research within a variety of areas, from molecular to ecological systems and from biosphere studies to astronomy and high-energy particle physics. Research and education are carried out within all major research areas: astronomy, biology, chemistry, earth sciences, environmental sciences, physics and mathematics.

Faculty of Science in numbers:

- 950** employees
- 280** doctoral students
- 500** teaching and research staff
- Over 3,000** students

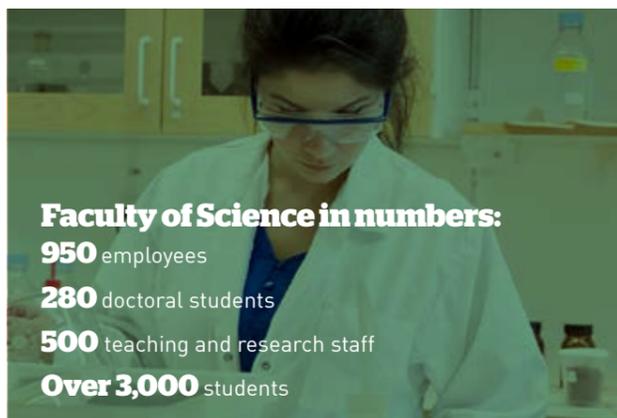

Astronomers at Lund University are part of many international projects, including the ESA Gaia satellite which will help us to discover the origins of the Milky Way

Research at the Faculty of Science

Examples of projects that Lund researchers are currently involved in:

- Studying the Higgs boson at the ATLAS detector at CERN
- Models of our future climate
- The Gaia satellite that surveys the Milky Way from space
- Mathematical models of ocean waves
- Sharper medical imaging and new methods to cure cancer
- How animals see, navigate and move
- Metal surfaces that catalyse chemical reactions
- Environmentally friendly chemistry

Degrees you can progress to

All Bachelor's degrees are three year programmes (180 credits) and Master's degrees are two year programmes (120 credits). Each degree has its own additional progression requirements as listed below. Students must ensure their Bachelor's degree meets the specific requirements for the intended Master's degree of choice. ONCAMPUS Lund Sweden students will be supported to apply to any of the following degrees within the Science Faculty.

Progression is not guaranteed.

Bachelor's degrees entry requirements

ONCAMPUS PROGRESSION PATHWAY: SCIENCE

BSc Mathematics

General requirements and courses corresponding to the following Swedish upper secondary school studies: Mathematics 4.

BSc Physics

General and courses corresponding to the following Swedish upper secondary school studies: Physics 2, Chemistry 1 and Mathematics 4.

ONCAMPUS PASS MARK (IN ACADEMIC MODULES): 60%

ENGLISH REQUIRED IELTS EQUIVALENT: 6.5 (with no component lower than 5.5)

BSc Physical Geography and Ecosystem Science

General requirements and courses equivalent to the following Swedish upper secondary school courses: Mathematics 4 in combination with Biology 1, Physics 1, Chemistry 1 or level 2 in two of the subjects.

Master's degrees entry requirements

ONCAMPUS PROGRESSION PATHWAY: SCIENCE

MSc Astrophysics

Bachelor's degree of at least 180 credits in physics or the equivalent. The degree must include at least 90 credits in physics.

MSc Atmospheric Sciences and Biogeochemical Cycles

Science Bachelor's degree of at least 180 credits in physical geography, physics or the equivalent.

MSc Bioinformatics

Bachelor's degree of at least 180 credits in molecular biology, biomedicine, biology, bioinformatics, biotechnology, microbiology, biochemistry, computer science, mathematics or the equivalent.

MSc Biology, Animal Ecology

Bachelor's degree of at least 180 credits, of which 90 credits must be in science, including 5 credits in statistics and 60 credits in biology comprising cell biology, genetics, ecology and zoology, or the equivalent.

MSc Biology, Aquatic Ecology

Bachelor's degree of at least 180 credits, of which 90 credits must be in science, including 5 credits in statistics and 60 credits in biology comprising cell biology, genetics, microbiology, ecology, botany and zoology, or the equivalent.

MSc Biology, Conservation Biology

Bachelor's degree of at least 180 credits, of which 90 credits must be in science, including 5 credits in statistics and 60 credits in biology comprising cell biology, genetics, microbiology, ecology, botany and zoology, or the equivalent.

MSc Biology, General

Bachelor's degree of at least 180 credits, of which 90 credits must be in science, including 15 credits in chemistry, 5 credits in statistics and 60 credits in biology comprising cell biology, genetics, microbiology, ecology, botany and zoology, or the equivalent.

MSc Biology, Plant Science

Bachelor's degree of at least 180 credits, of which 90 credits must be in science, including 5 credits in statistics and 60 credits in biology comprising cell biology, genetics, microbiology, ecology and botany, or the equivalent, or Bachelor's degree of at least 180 credits, of which 90 credits must be in science, including 30 credits in chemistry and 45 credits in biology comprising cell biology, genetics, microbiology and molecular biology, or the equivalent.

MSc Geographical Information Systems

Bachelor's degree of at least 180 credits or the equivalent.

MSc Geology, Bedrock Geology

Bachelor's degree of at least 180 credits in geology or the equivalent. The degree must include at least 90 credits in geology.

MSc Geology, Quaternary Geology

Bachelor's degree of at least 180 credits in geology or the equivalent. The degree must include at least 90 credits in geology.

MSc Geomatics

Science or Engineering Bachelor's degree amounting to at least 180 credits or the equivalent, within a specialisation of relevance to the study programme.

MSc Mathematical Statistics

Bachelor's degree of at least 180 credits or the equivalent, including at least 90 credits in mathematics, mathematical statistics, numerical analysis, scientific calculations and computer science, of which at least 45 credits must be in mathematics that include courses in multivariate analysis and linear algebra, at least 30 credits in mathematical statistics and at least 15 credits in numerical analysis, scientific calculations and/or computer science.

ONCAMPUS PASS MARK (IN ACADEMIC MODULES): 40%

ENGLISH REQUIRED IELTS EQUIVALENT: 6.5 (with no component lower than 5.5)

MSc Mathematics

Bachelor's degree of at least 180 credits or the equivalent, including at least 90 credits in mathematics, or at least 60 credits in mathematics and at least 30 credits in numerical analysis and computational science. The latter alternative applies to applicants who intend to pursue a Master's degree in mathematics, specialising in numerical analysis.

MSc Molecular Biology, General

Bachelor's degree of at least 180 credits or the equivalent, of which 120 credits must be in science/biomedicine/engineering, including: 45 credits in molecular biology comprising genetics, cell biology and microbiology, 7.5 credits in human/animal physiology and 30 credits in chemistry comprising biochemistry.

MSc Molecular Biology, Medical Biology

Bachelor's degree of at least 180 credits or the equivalent, of which 120 credits must be in science/biomedicine/engineering, including: 45 credits in molecular biology comprising genetics, cell biology and microbiology, 15 credits in human/animal physiology and 30 credits in chemistry comprising biochemistry.

MSc Molecular Biology, Microbiology

Bachelor's degree of at least 180 credits or the equivalent, of which 120 credits must be in science/biomedicine/engineering, including: 45 credits in molecular biology comprising genetics, cell biology and microbiology and 30 credits in chemistry comprising biochemistry.

MSc Molecular Biology, Molecular Genetics and Biotechnology

Bachelor's degree of at least 180 credits or the equivalent, of which 120 credits must be in science/biomedicine/engineering, including: 45 credits in molecular biology comprising genetics, cell biology and microbiology and 30 credits in chemistry comprising biochemistry.

MSc Physical Geography and Ecosystem Science

Science Bachelor's degree of at least 180 credits in physical geography, geology, geoscience, biology/ecology, physics, agronomy, forest science, environmental science or the equivalent.

MSc Physics, Biological Physics and Computational Biology

Bachelor's degree of at least 180 credits in physics or the equivalent. The degree must include at least 90 credits in physics.

MSc Physics, General

Bachelor's degree of at least 180 credits in physics or the equivalent. The degree must include at least 90 credits in physics.

MSc Physics, Materials Science

Bachelor's degree of at least 180 credits in physics or the equivalent. The degree must include at least 90 credits in physics.

MSc Physics, Nanoscience

Bachelor's degree of at least 180 credits in physics or the equivalent. The degree must include at least 90 credits in physics, or 60 credits in physics and 30 credits in relevant engineering subjects or equivalent.

MSc Physics, Particle Physics

Bachelor's degree of at least 180 credits in physics or the equivalent. The degree must include at least 90 credits in physics.

MSc Physics, Photonics

Bachelor's degree of at least 180 credits in physics or the equivalent. The degree must include at least 90 credits in physics, or 60 credits in physics and 30 credits in relevant engineering subjects or equivalent.

MSc Physics, Theoretical Physics

Bachelor's degree of at least 180 credits in physics or the equivalent. The degree must include at least 90 credits in physics.

Kristianstad University

Kristianstad University (HKR) is a modern university situated in southern Sweden with easy access to larger cities and mainland Europe. As a small higher education institution Kristianstad focuses its attention on a few high quality programmes offering education with a strong focus on employment and internationalisation.

FOUNDED IN
1977

although HKR can trace its roots back to 1835

No.1
Business
Administration
programmes at HKR
are classified as
best in Sweden

by the evaluations of the Swedish
Higher Education Authority (UKÄ)

Kristianstad is well known for its wetlands which are a designated **Biosphere Reserve** by UNESCO

Degrees you can progress to

With guaranteed place* onto a Kristianstad University degree. All Bachelor's degrees are three year programmes (180 credits) and Master's degrees are one year programmes (60 credits). Each degree has its own additional progression requirements as listed below but students should check the website for country specific requirements at www.oncampus.global.

*subject to meeting the specified entry criteria

Bachelor's degrees entry requirements

ONCAMPUS PROGRESSION PATHWAY: SCIENCE

ONCAMPUS PASS MARK (IN ACADEMIC MODULES): 40%

ENGLISH REQUIRED (IELTS EQUIVALENT): 6.5
(with no component lower than 5.5)

BSc Computer Science – Internet of things
Intermediate level physics (equivalent of Swedish course Physics 2), basic level chemistry (equivalent of Swedish course Chemistry 1) or intermediate level natural sciences (equivalent of Swedish course Natural Sciences 2), advanced+ level mathematics (equivalent of Swedish course Mathematics 3C)

BSc Software Development
Specific requirements: intermediate level mathematics (equivalent of Swedish course Mathematics 2A or 2B or 2C)

Master's degrees entry requirements

ONCAMPUS PROGRESSION PATHWAY: BUSINESS

ONCAMPUS PASS MARK (IN ACADEMIC MODULES): 40%

ENGLISH REQUIRED (IELTS EQUIVALENT): 6.5
(with no component lower than 5.5)

MSc Business Administration – Auditing & Control
Bachelor of Science with the equivalence of 180 credits including at least 90 credits in business administration. At least 15 credits must be in intermediate accounting, management accounting, corporate governance, auditing and at least 15 credits in statistics/business methods and an independent project comprising 15 credits in business administration or equivalent.

MSc Business Administration – International Business & Marketing
Bachelor of Science with the equivalence of 180 credits including at least 90 credits in business administration. At least 15 credits must be in intermediate international business and marketing and at least 15 credits in statistics/business methods and an independent project comprising 15 credits in business administration or equivalent.

Swedish University of Agricultural Sciences

The Swedish University of Agricultural Sciences (SLU) offers programmes that are unique and based on their strength and profile areas, a bio-based economy and environment, health and quality of life. SLU teaches across several campuses in Sweden, and ranks 36th in the Times Higher Education 2018 world list of young universities.

The Times Higher Education Ranks SLU as the top 6th university of the world among smaller universities

Progression opportunities

If you successfully pass your Pre-Master's Preparation Programme you may be able to progress to one of the following Master's degrees. Each degree has its own additional progression requirements and students should visit www.slu.se for the most up-to-date entry criteria.

All Master's degrees are two year programmes (180 credits). Progression is not guaranteed.

Degrees you can progress to:

- MSc Agricultural Economics and Management
- MSc Agricultural Food and Environmental Policy Analysis
- MSc Agroecology
- MSc Animal Science
- MSc EnvEuro - Environmental Science in Europe
- MSc Environmental Communication and Management
- MSc Environmental Economics and Management
- MSc Euroforester
- MSc Forest Ecology and Sustainable Management
- MSc Landscape Architecture
- MSc Landscape Architecture for Sustainable Urbanisation
- MSc Management of Fish and Wildlife Populations
- MSc Outdoor Environments for Health and Well-being
- MSc Plant Biology for Sustainable Production
- MSc Rural Development and Natural Resource Management
- MSc Soil, Water and Environment
- MSc Sustainable Development
- MSc Sustainable Food Systems

About
ONCAMPUS

How ONCAMPUS Works

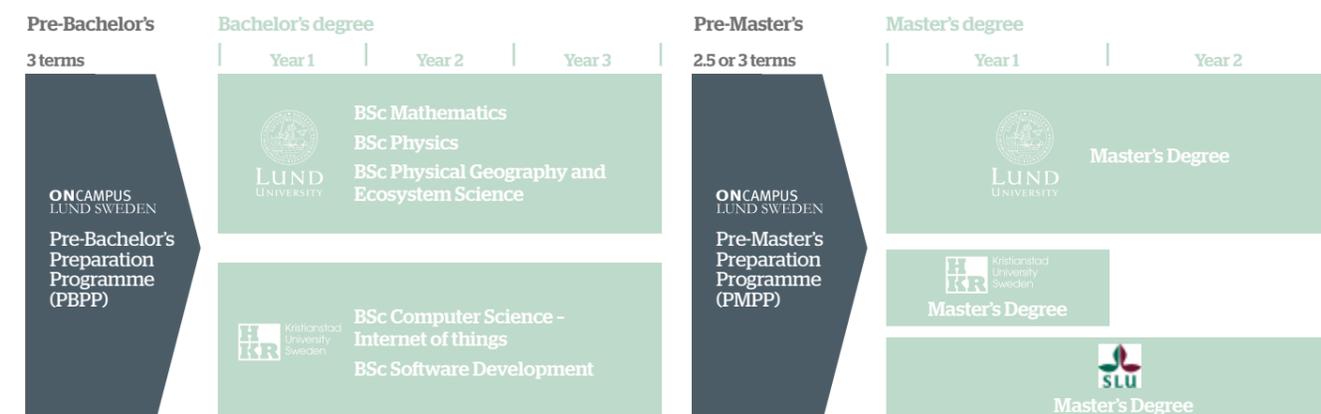

Our programmes at ONCAMPUS Lund Sweden are designed for international students who do not meet the requirements for direct entry to Swedish universities. You will benefit from the support we offer in preparing you to progress to one of our partner universities. Progression, however, is not guaranteed.

Your route to a degree at a top Swedish University

ONCAMPUS Lund Sweden offers a comprehensive academic and English language programme with up to 26 contact hours a week. It will provide you with support in applying for a Bachelor's or Master's programme in Business, Engineering or Science at Lund University, Kristianstad University or Swedish University of Agricultural Sciences while ensuring you are prepared thoroughly for the demands of your chosen degree.

ONCAMPUS gives you...

Outstanding teaching and support

Highly trained, qualified multicultural and multilingual teaching and support staff with experience of living and working overseas.

Regular tutorial meetings to help you gain skills to excel at a world-class research university.

Guidance and support from our partner university with seminars and workshops available to you.

A personal tutor to help guide you through your course and prepare you for progression to your chosen degree.

A proven track record of success

ONCAMPUS is part of Cambridge Education Group, one of the UK's leading university pathway providers since 1952.

Cambridge Education Group was the first private institution to offer university foundation programmes in the UK in 1985, and successfully prepares hundreds of students to progress to top universities every year.

A truly international experience

Our programmes attract students from a wide range of countries and cultures.

Our aim is to create a truly international environment to broaden your experience and improve your English language both in and outside the classroom.

Fulfil your ambition for a truly prestigious degree

Lund is one of the world's top 100 universities and the No. 1 choice for students studying in Sweden.

ONCAMPUS Lund Sweden offers tailored support with your application to a Swedish University.

Pre-Bachelor's Preparation Programme (PBPP)

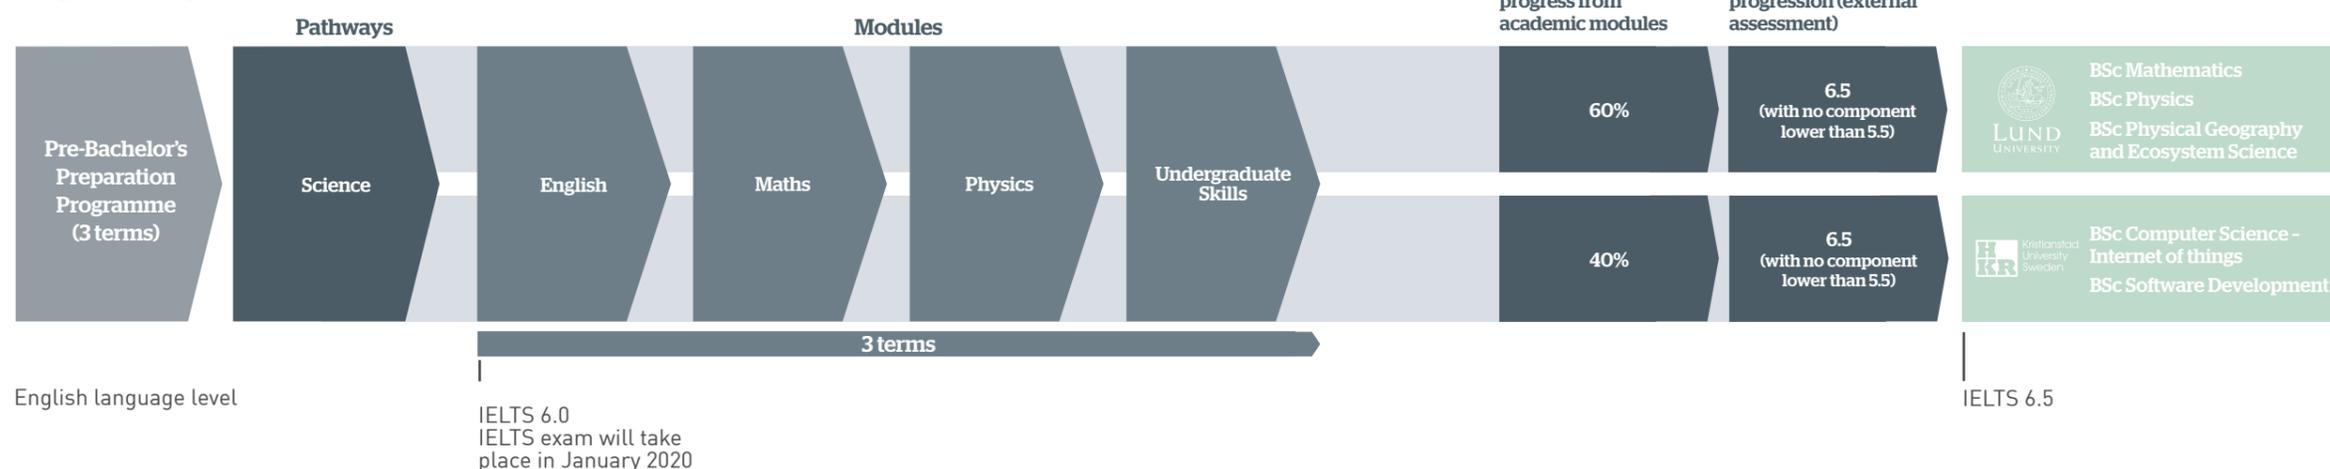

The Pre-Bachelor's Preparation Programme is available as a three-term programme offering a guaranteed place onto degrees at Kristianstad University or the opportunity for progression to a degree at Lund University. The programme includes support in applying to your chosen university.

Up to **26 hours** of classroom-based study time a week

Degree progression route

Entry criteria

English level:
From **6.0 IELTS** or equivalent, for the 3-term Programme.

Academic requirements:
12 years Successful completion of 12 years of education. Please see the website for academic entry requirements.

Guideline minimum age:
17+ Must be 17 at the start of the intended degree programme.

Dates and fees	Per term Standard	Annual Standard	Progressing to Undergraduate degree starting in
16 September 2019 – 07 June 2020	€5,665	€16,995 (3 terms)	September 2020

All programmes are subject to a €300 registration fee and €2,200 refundable deposit. *subject to meeting the specified entry criteria.

Students will study English across the three terms and Maths and Physics between September 2019 and January 2020 to ensure university application deadlines are met. The remaining modules will be studied between February 2020 and June 2020 of the PBPP.

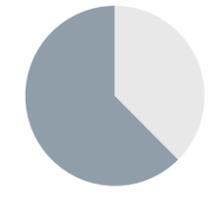

Pre-Master's Preparation Programme (PMPP)

The Pre-Master's Preparation Programme is available as a two or three-term programme offering guaranteed place onto Business Administration at Kristianstad University from the Business pathway or the opportunity for progression to a range of Engineering or Science degrees at Lund University or SLU through the Engineering and Science pathways. The programme includes support in applying to your chosen programme.

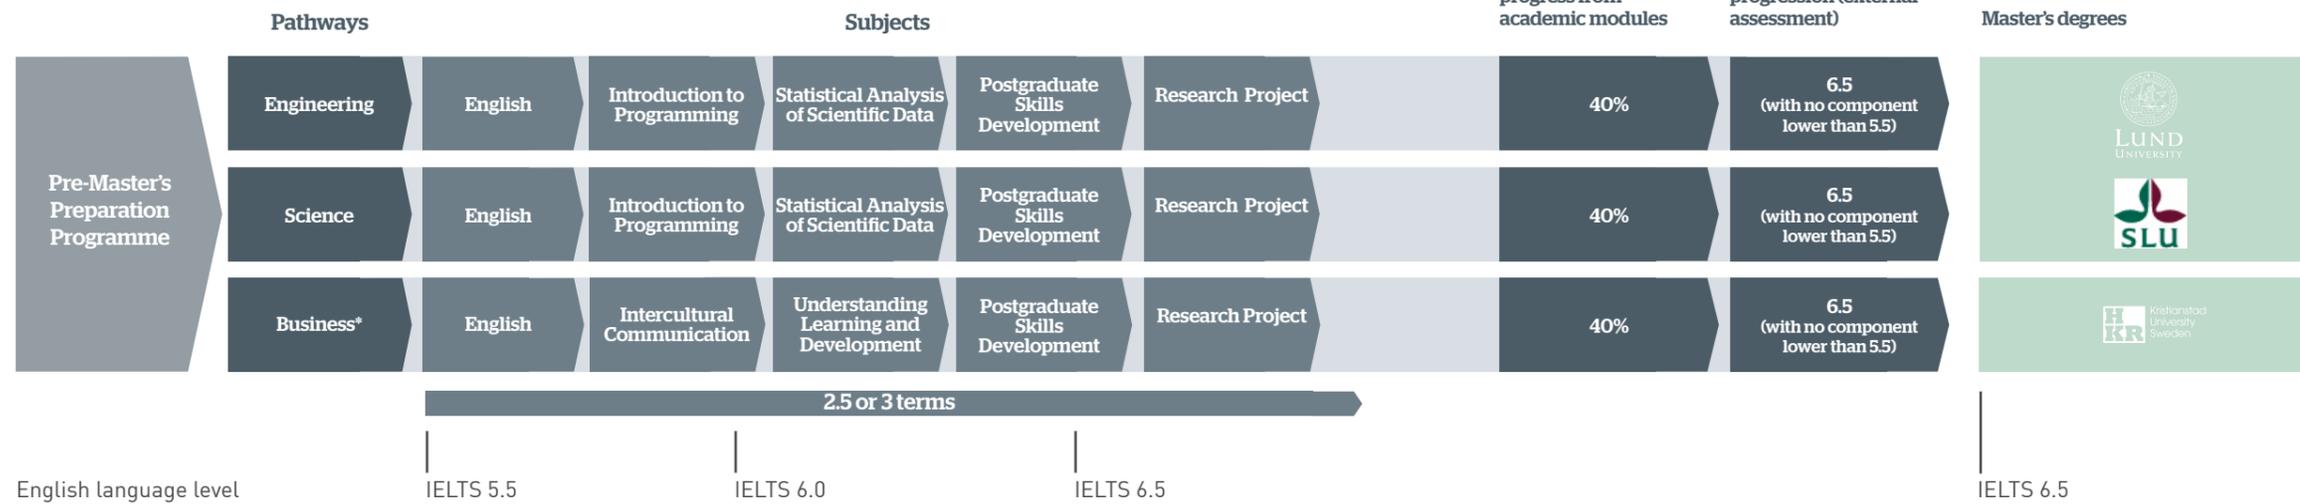

Up to **26 hours** of classroom-based study time a week

100%¹ coursework

Degree progression route

Entry criteria

English level:

From 5.5 IELTS or equivalent, with no single element less than 5.0, for 3-term Programme.

From 6.0 IELTS or equivalent, with no single element less than 5.5, for 2.5-term Programme.

Academic requirements:

Degree Successfully completed your Bachelor's degree or equivalent, from a recognised university.

Guideline minimum age:

21+ Must be 21 at the start of the intended degree programme.

Dates and fees	Per term Standard	Annual Standard	Progressing to Master's degree starting in
16 September 2019 – 07 June 2020	€5,665	€16,995 (3 terms)	September 2020
11 November 2019 – 07 June 2020	€5,665	€14,163 (2.5 terms)	September 2020

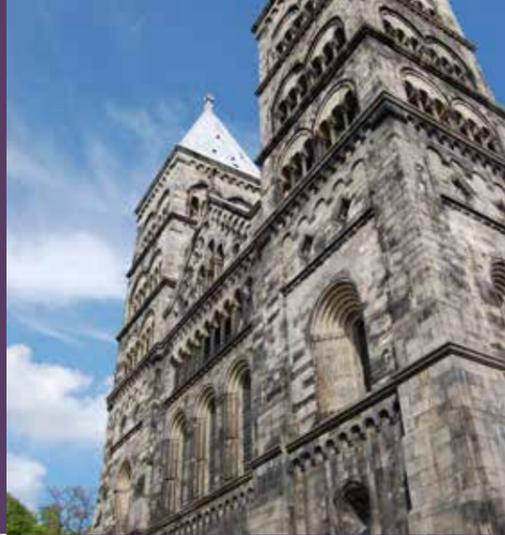

All programmes are subject to a €300 registration fee and €2,200 refundable deposit.
*Kristianstad University only.
Duration of study affects the number of modules taken, only three term students will take all subjects listed. Please see the website for further details.

¹ This ratio may vary depending on subjects studied.

About
▶ Student Life

Living in Lund Accommodation

Full support is offered by the team at **ONCAMPUS** Lund Sweden to assist you in finding suitable accommodation before you arrive. We are pleased to offer two housing options available through **ONCAMPUS** Lund Sweden in Lund and Kristianstad. Voted the best place to live in Sweden, Lund is a safe city with the healthiest and youngest population in the country.

In Lund, you find the charm of a small picturesque, cobble-stoned city, side-by-side with big city attractions such as shopping, restaurants and cultural events. Kristianstad offers a vibrant down town centre with shops and restaurants that sit alongside over four miles of coastline - part of which includes the beautiful UNESCO Biosphere Reserve.

Lund

Situated only a 10-minute walk to the centre of Lund and a short distance from the Cathedral, our accommodation offers a safe, comfortable home from home to relax in after a day's study.

Accommodation offered is of a high standard, with central heating, triple glazing and bright décor.

Kristianstad

Located down town, less than a 10-minute walk from Central Station, this accommodation has been recently refurbished and offers modern, comfortable accommodation.

12 students share a corridor, with each corridor having access to a kitchen and three bathrooms.

Private housing

Private housing is available in Lund, with the city also easy to reach from the larger city of Malmö (only 10 minutes by train to Lund), should you decide to choose this accommodation option. Students will need to research and source this option independently.

Kristianstad rent is from €900 per term

Lund rent is from €2,000 per term

Key features of all our accommodation:

Comfortable bedroom, with wardrobe and desk

Shared bathroom (some en-suite at Kristianstad)

Shared kitchen area

TV area and common room (Lund only)

Lund: 20-minute walk to **ONCAMPUS**
Kristianstad: 50-minutes by train

Lund, the city of bikes

The easiest way to get around Lund is by bike. The city is small and compact, which means you can cycle across it in no more than 20 minutes.

160 km of cycle paths make biking safe and convenient. Every day, people in Lund cycle as much as four times around the world together!

It's easy to find a second-hand bike once you arrive in Lund and join in the cycling culture.

Kristianstad accommodation

Kristianstad accommodation

Lund accommodation

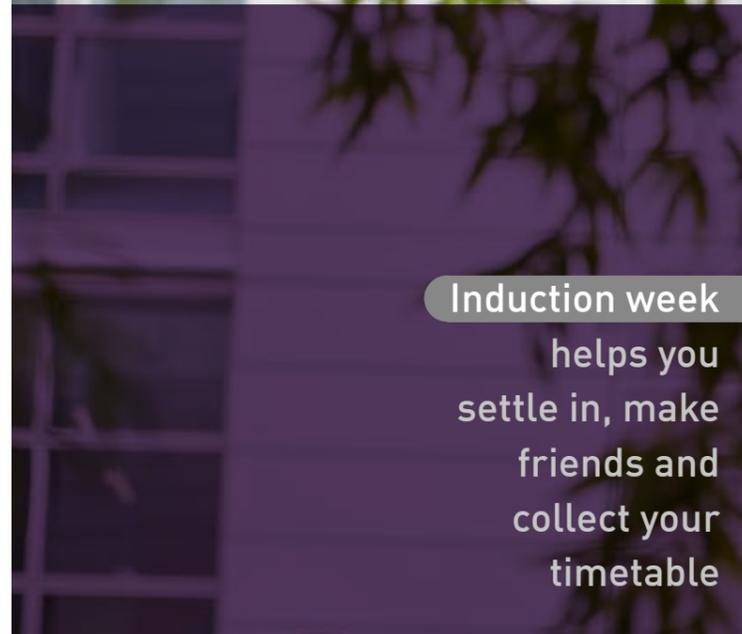

Lund accommodation

Student Support

We know international students have different needs from those already in Sweden, so that's why we've designed a comprehensive student support system that ensures you feel supported every step of the way.

You'll get the opportunity to sign up to sports and social activities during induction

Before you arrive

Once you've confirmed your place at ONCAMPUS, we'll help with a whole host of things such as **residence permits, what to expect on arrival in Sweden, insurance and how to get to the centre.** We'll provide information on accommodation, finance and things to bring with you, from essential forms and certificates to advice on extra clothes for winter!

Induction

The induction week at ONCAMPUS is one of the most important weeks in helping you to settle in. You'll meet new friends, pick up your timetable, meet your personal tutor and academic teachers, tour the centre and the University and sign up to sports and social activities happening in the city.

Throughout the year

Our support before you arrive is just the beginning. Not only do you have access to all the standard things you'd expect – your own personal tutor, small tutor groups and our online academic platforms (such as Moodle) – you'll also find the following:

- **Academic support:**
We'll make sure you stay on track with your study plan, meeting any targets and setting up additional academic support if you are struggling in any area.
- **Monthly activity calendars:**
We have lots of exciting organised activities, published every month, for you to join in with as little or as much as you like.

"It had always been my goal to travel to an advanced country to study for a Master's and challenge myself, and I was very happy with my first impressions of Sweden. My English improved a lot – writing, speaking and listening skills. I understand far more since arriving at ONCAMPUS and can easily skim-read vast articles – another skill I've learnt. Discussion is a large part of the ONCAMPUS study experience alongside critical thinking. It's not OK to memorise and repeat, we must question and review and this encouraged me to become bolder, more confident and I am very proud of this. I was naive when I arrived; I thought I could study a bit and progress to Lund, but that's not accurate, you have to work hard for this."

Alperen U. Lund U.

Sampha Bilo, Sierra Leonean | Progressed to: MSc Wireless Communication

Next Steps

1 Submit your application by one of the following methods:

- Online: www.oncampus.global Email: admissions@oncampus.global
- Fax: +44 (0)1223 346181
- Post: Admissions Office, **ONCAMPUS**, Kett House, Station Road, Cambridge, CB1 2JH, United Kingdom

Please remember to include all relevant documentation:

- Academic transcripts (with translations if not originally in English)
- Evidence of English level
- Passport and copies of any previous residence permit.

Additional documentation may be required depending on the course. Our Admissions team will contact you should this be the case.

2 Our Central Admissions team will review your application.

- We will send you an offer letter which will list any outstanding conditions. We will remove any conditions that have already been met. If we think the course is not right for you, we will suggest an alternative.
- If we have any queries about your application, we will contact you for further information.

3 Your place can only be confirmed once all conditions have been met, including payment of the deposit/registration fee or proof of government sponsorship. However, once the deposit is paid we will hold a place for you.

4 Once you have paid your deposit and met all the conditions of offer, we will confirm your place and send you a Confirmation of Enrolment (CoE).

- We will send you pre-arrival information.
- All students will receive an invitation letter with links to the accommodation options available.

5 You will need to apply for a residence permit to study in Sweden.

Non-EU citizens will need to apply for a residence permit to study in Sweden. You will need to use your CoE to support your residence permit application.

6 You will need to pay at least the first term's tuition fees before you begin your programme of study at ONCAMPUS.

We recommend students fly to Copenhagen and travel to Lund by rail. When you book your flight to Copenhagen Airport, please send us your arrival details by email to lund@oncampus.global. We recommend arriving on a weekday before the induction week and allowing yourself enough time to visit your housing corporation to pick up your accommodation keys.

ONCAMPUS LUND SWEDEN APPLICATION FORM

Apply ONLINE at www.oncampus.global/apply or return this form to:
Admissions Office, **ONCAMPUS**, Kett House, Station Road, Cambridge, CB1 2JH, United Kingdom
Tel: +44 (0)1223 345698 Fax: +44 (0)1223 346181 Email: admissions@oncampus.global

Please write neatly using BLOCK CAPITALS in black ink or typescript.
